Implement machine learning and deep learning methodologies to build smart, cognitive AI projects using Python Key Features A go-to guide to help you master AI algorithms and concepts 8 real-world projects tackling different challenges in healthcare, e-commerce, and surveillance Use TensorFlow, Keras, and other Python libraries to implement smart AI applications Book Description This book will be a perfect companion if you want to build insightful projects from leading AI domains using Python. The book covers detailed implementation of projects from all the core disciplines of AI. We start by covering the basics of how to create smart systems using machine learning and deep learning techniques. You will assimilate various neural network architectures such as CNN, RNN, LSTM, to solve critical new world challenges. You will learn to train a model to detect diabetic retinopathy conditions in the human eye and create an intelligent system for performing a video-to-text translation. You will use the transfer learning technique in the healthcare domain and implement style transfer using GANs. Later you will learn to build AI-based recommendation systems, a mobile app for sentiment analysis and a powerful chatbot for carrying customer services. You will implement AI techniques in the cybersecurity domain to generate Captchas. Later you will train and build autonomous vehicles to self-drive using reinforcement learning. You will be using libraries from the Python ecosystem such as TensorFlow, Keras and more to bring the core aspects of machine learning, deep learning, and AI. By the end of this book, you will be skilled to build your own smart models for tackling any kind of AI problems without any hassle. What you will learn Build an intelligent machine translation system using seq-2-seq neural translation machines Create AI applications using GAN and deploy smart mobile apps using TensorFlow Translate videos into text using CNN and RNN Implement smart AI Chatbots, and integrate and extend them in several domains Create smart reinforcement, learning-based applications using Q-Learning Break and generate CAPTCHA using Deep Learning and Adversarial Learning Who this book is for This book is intended for data scientists, machine learning professionals, and deep learning practitioners who are ready to extend their knowledge and potential in AI. If you want to build real-life smart systems to play a crucial role in every complex domain, then this book is what you need. Knowledge of Python programming and a familiarity with basic machine learning and deep learning concepts are expected to help you get the most out of the book

I Swear I Was There - Sex Pistols, Manchester and the Gig that Changed the World Courier Corporation

Sparks--the long-running duo of Ron and Russell Mael--are among the most respected songwriters of their generation, their songs ranking alongside those of Ray Davies (The Kinks having been a formative influence), George Gershwin, Cole Porter and Stephen Sondheim. Formed in Los Angeles in 1971, Sparks have issued over 20 albums and scored chart hits with songs such as "This Town Ain't Big Enough for Both of Us," "Cool Places" and "Never Turn Your Back on Mother Earth." While their musical style has changed dramatically over the course of 40 years--embracing the British Invasion sound of the 60s, glam rock, disco (they teamed up with Giorgio Moroder for 1979's "No. 1 in Heaven") and even techno--their work has consistently stretched the boundaries of pop music and the song form. Sparks continue to break new ground: they are currently working on a project with filmmaker Guy Maddin and are soon to embark on a world tour. Now, for the first time, the Mael brothers have chosen their favorite Sparks lyrics (to some 75 songs), editing and correcting them for presentation in "In the Words of Sparks." As James Greer--novelist and former member of Guided by Voices--comments, "Sparks-level wordplay is a gift, and more than that, an inspiration." This book also includes a substantial introduction by fellow Los Angeles resident and longtime fan, Morrissey.

It Takes a Revolution Random House

Winner of the 2013 Association for Recorded Sound Collections Award for Excellence in Historical Recorded Sound Research in Jazz During his 13 year career between 1955 and 1968, Paul Chambers was one of the leading double bass players in jazz, performing with a wide variety of artists and a range of the music's sub-genres and recording over 300 albums for labels such as Blue Note, Riverside, Mercury and Columbia Records. Chambers performed alongside some of the greatest names in jazz including Miles Davis, John Coltrane, Cannonball Adderley, Sonny Rollins, Wes Montgomery, Joe Henderson, Bill Evans, Wayne Shorter, Herbie Hancock, Hank Mobley, Lee Morgan, Gil Evans and Freddie Hubbard. Although he recorded half a dozen LPs under his own name, including his own compositions, he is probably best remembered for his contribution to the greatest jazz recording of all time; Miles Davis' Kind Of Blue where his bass notes are legendary. Mr P. C. tells the story of this quiet giant of jazz; his birth in Pittsburgh, youth in Detroit, his early rise to jazz celebrity, his time at the top, his struggle against alcoholism and heroin addiction and the circumstances surrounding his tragic death of tuberculosis, aged 33, in 1969. Using material from other literary sources and interviews with family members, friends and colleagues in the jazz fraternity, this book tells in full for the first time this influential musician's story. The book includes a comprehensive discography detailing all of his recordings both as a sideman and bandleader.

"...Family reunions, class reunions, service reunions ... A-to-Z guide to reunions that leaves nothing to chance..." --back cover.

The Union Regiments of Kentucky Arcadia Publishing

Even before San Francisco was founded as a city, Russian visitors, explorers, and scientists sailed to the area and made contact with both the indigenous people and representatives of the Spanish government. Although the Russian commercial colony of Fort Ross closed in 1842, the Russian presence in San Francisco continued and the community expanded to include churches, societies, businesses, and newspapers. Some came seeking opportunity, while others were fleeing religious or political persecution. In the 1920s, San Francisco's Russian population grew exponentially as refugees of the Russian Revolution and civil war arrived, and by the 1950s, a vibrant and culturally rich Russian A(c)migrA(c) community was thriving in San Francisco. Today the 75,000 Russian speakers who live in the San Francisco Bay Area continue to pass on their heritage to their children.

Bowser the Hound Genealogical Publishing Com

This book is the first academic text to examine cynicism as a driving force in the context of post-war British culture. It maps a sensibility that transcends divisions between high and low culture, and encompasses figures such as Philip Larkin, John Lennon and Stephen Patrick Morrissey.

Warning Miracle Open Road Media

'A f**king great book' PETER HOOK, JOY DIVISION 'A fascinating insight into a gig that really did change the world' ROCKSOUND On 4 June 1976, four young men took to the tiny stage of the Lesser Free Trade Hall in Manchester. The noise they made changed everything... The NME named it as the most important gig of all time. When the Sex Pistols played Manchester in '76 they set off a series of musical detonations that are still being felt today. Despite thousands claiming they were in attendance, only a handful of people were actually there – but those that were went on to form bands including The Smiths, Buzzcocks, Joy Division, New Order and The Fall. They kick-started the Manchester music scene, created Factory Records and laid the foundations for the world-famous Ha ç ienda nightclub. Forty years on, music journalist David Nolan tells the true story of that legendary gig, plus the Pistols' follow up performance and the band's first ever TV appearance at Manchester's Granada TV a few weeks later. The question has truly become one of rock 'n' roll's greatest mysteries: Who really saw the Sex Pistols at the Lesser Free Trade Hall in 1976? So how does David Nolan finally solve it? By trying to track down the whole audience! In an updated edition comprised of scores of exclusive, extensive interviews with key players and audience members, and featuring previously unpublished photos, I Swear I Was There is the true story of the electrifying gig that changed the music scene forever. 'The gig that truly heralded the punk revolution. Who was there? David Nolan should know, he wrote a bloody book about it! Here he separates fact from fiction' NME 'Excellent, in-depth study...Hilarious eyewitness testimonies' UNCUT 'One of the greatest rock stories ever told' GQ

Beatles Solo Scarecrow Press

This title brings together every song, album, collaborator, key location, every hero, book, film and record to have influenced Morrissey's art.

Set the Boy Free Springer

DIV They were a phenomenon together and a fascination apart. The Beatles as a group released 12 studio albums in 8 years. As solo artists, however, John Lennon, Paul McCartney, George Harrison, and Ringo Starr have released a collective 70 LPs and 900 songs since 1968. Never before have the Fab 4 been covered like this: masterpieces and missteps, triumphs and tragedies, moments of clarity and serious lapses in judgment â € “ they â €™re all here. From George Harrison â €™s lush Wonderwall (the shot that launched the post-Beatles era), to the Plastic Ono Band, Wings, the Traveling Wilburys, The Firemen, Ringo â €™s hit singles and All-Starr Bands and more. An examination of their individual musical catalogues, their film careers, and their personal lives far and away from the studio are all covered for Beatles fans to enjoy. /div DIV This stunning gift set contains four beautifully illustrated books â € “ one for each Beatle â € “ covering their lives since they broke up in 1969. Jam-packed with nearly 400 pages, 200 photos, quotes, lyrics, and memorabilia all packaged in an elegant slipcase, this is a must-have gift item for the Beatle-lover in your life.

/div DIV Longtime music journalist and former editor of Mojo magazine, Mat Snow has been writing about the Beatles for years, and he â €™s doing fresh interviews with friends and colleagues of the Beatles to gain insight into the solo lives of these four extraordinary men. /div

A Light That Never Goes Out Canongate Books

Released in 1997 before the advent of downloadable singles, looks at the composition of Radiohead's "OK Computer" album, examining the themes and artistic and political influences of the album created to be listened to in its entirety.

[Cynicism in British Post-War Culture](#) Morrissey & Marr: The Severed Alliance

The long-awaited memoir from the legendary guitarist and cofounder of the seminal British band The Smiths. An artist who helped define a period in popular culture, Johnny Marr tells his story in a memoir as vivid and arresting as his music. The Smiths, the band with the signature sound he cofounded, remains one of the most beloved bands ever, and have a profound influence on a number of acts that followed—from the Stone Roses, Suede, Blur, and Radiohead to Oasis, The Libertines, and Arctic Monkeys. Marr recalls his childhood growing up in the northern working-class city of Manchester, in a house filled with music. He takes us back to the summer of 1982 when, at eighteen, he sought out one Stephen Morrissey to form a new band they called The Smiths. Marr invites fans on stage, on the road, and in the studio for the five years The Smiths were together and how after a rapid ascent, the working-class teenage rock star enjoyed and battled with the perks of success until ideological differences, combined with his much publicized strained relationships with fellow band mates, caused him to leave in 1987. Marr's "escape" as he calls it, ensured the beginning of the end for one of the most influential groups of a generation. But The Smiths' end was only the beginning for Marr. The bona-fide guitar hero continues to experiment and evolve in his solo career to this day, playing with Paul McCartney, Pretenders, Modest Mouse,

Oasis and collaborating today ' s most creative and renowned artists. Rising above and beyond the personal struggles and bitter feuds, Marr delivers the story of his music and his band, sharing the real insights of a man who has made music his life, and finally giving fans what they ' ve truly been waiting for.

Songs That Saved Your Life (Revised Edition) Bonnier Zaffre

Follows the wild life and times of Pogues co-founder and legendary partyer Shane MacGowan, exploring his childhood, music, friends and family, and religious views.

The White Album Anchor

Originally published in 1983, Leo Steinberg's classic work has changed the viewing habits of a generation. After centuries of repression and censorship, the sexual component in thousands of revered icons of Christ is restored to visibility. Steinberg's evidence resides in the imagery of the overtly sexed Christ, in Infancy and again after death. Steinberg argues that the artists regarded the deliberate exposure of Christ's genitalia as an affirmation of kinship with the human condition. Christ's lifelong virginity, understood as potency under check, and the first offer of blood in the circumcision, both required acknowledgment of the genital organ. More than exercises in realism, these unabashed images underscore the crucial theological import of the Incarnation. This revised and greatly expanded edition not only adduces new visual evidence, but deepens the theological argument and engages the controversy aroused by the book's first publication.

Radiohead Canongate Books Limited

Harangue for Hollywood! From the blighted urban squalor of Detroit--Paris of the Midwest--came enfant terrible Mike White and his mutant publication, *Cashiers du Cinemart*. For fourteen years and fifteen issues the writers of *Cashiers du Cinemart* provided a treasure trove of writing on film and popular culture. This book collects the best articles from the fifteen year history of *Cashiers du Cinemart* magazine with sections dedicated to Quentin Tarantino, Star Wars, Black Shampoo, Unproduced screenplays, celebrity interviews, and much more. Everything has been refreshed, polished, and improved for this volume of movie mayhem.

The Cut the Crap! Guide to the Music Business Equinox Publishing (Indonesia)

Morrissey & Marr: The Severed Alliance is among the most successful – and controversial – rock biographies ever published. Having denounced the book and called for the death of its author Johnny Rogan, Morrissey later did a U-turn and cited it as evidence in the royalty-related court case brought by Smiths drummer Mike Joyce. Now, 20 years after it was first published, Rogan has returned to his definitive Smiths biography to produce a completely revised edition based on new information and new interviews to add to the almost 100 initially conducted over a four-year period. Widely acclaimed as one rock ' s leading writers, Johnny Rogan now brings yet more insight and analysis to his best-selling book that revealed, for the first time, the true and unsanitised story of The Smiths – the most important group of their generation.

Intelligent Projects Using Python Prabhat Prakashan

More Than Just A Record Label! Told here for the first time, the complete story of the legendary Stiff Records

There Are Jews in My House HarperCollins

To this day, they were, their fans believe, the best band in the world. Critics and sales figures told a similar story. Yet for all their brilliance and adoration – their famously energetic live shows routinely interrupted by stage invasions – The Smiths were continually plagued by their reticence to play the game, and by the time of 1987 ' s *Strangeways Here We Come*, they had split. Tony Fletcher ' s *A Light That Never Goes Out* – part celebration, part paean – moves from Manchester in the nineteenth-century to the present day to tell the complete story of The Smiths. The product of extensive research and unprecedented access, it will serve to confirm The Smiths as one of the most important and influential rock groups of all time.

Titan Books (US, CA)

New York Times Bestseller: An “ elegant ” mosaic of trenchant observations on the late sixties and seventies from the author of *Slouching Towards Bethlehem* (The New Yorker). In this landmark essay collection, Joan Didion brilliantly interweaves her own “ bad dreams ” with those of a nation confronting the dark underside of 1960s counterculture. From a jailhouse visit to Black Panther Party cofounder Huey Newton to witnessing First Lady of California Nancy Reagan pretend to pick flowers for the benefit of news cameras, Didion captures the paranoia and absurdity of the era with her signature blend of irony and insight. She takes readers to the “ giddily splendid ” Getty Museum in Los Angeles, the cool mountains of Bogotá , and the Jordanian Desert, where Bishop James Pike went to walk in Jesus ' s footsteps—and died not far from his rented Ford Cortina. She anatomizes the culture of shopping malls— “ toy garden cities in which no one lives but everyone consumes ” —and exposes the contradictions and compromises of the women ' s movement. In the iconic title essay, she documents her uneasy state of mind during the years leading up to and following the Manson murders—a terrifying crime that, in her memory, surprised no one. Written in “ a voice like no other in contemporary journalism, ” *The White Album* is a masterpiece of literary reportage and a fearless work of autobiography by the National Book Award–winning author of *The Year of Magical Thinking* (The New York Times Book Review). Its power to electrify and inform remains undiminished nearly forty years after it was first published.

Mozipedia Tamtam Books

The greatest albums of all time . . . and how they happened. Organised chronologically and spanning seven decades, The MOJO Collection presents an authoritative and engaging guide to the history of the pop album via hundreds of long-playing masterpieces, from the much-loved to the little known. From The Beatles to The Verve, from Duke Ellington to King Tubby and from Peggy Lee to Sly Stone, hundreds of albums are covered in detail with chart histories, full track and personnel listings and further listening suggestions. There's also exhaustive coverage of the soundtrack and hit collections that every home should have. Like all collections, there are records you listen to constantly, albums you've forgotten, albums you hardly play, albums you love guiltily and albums you thought you were alone in treasuring, proving The MOJO Collection to be an essential purchase for those who love and live music.
