How does one record an extraordinary time? Confined to his Delhi apartment, Manash Firaq Bhattacharjee unravels the intimate paradoxes of life he encounters in the first weeks of a global pandemic. His stories about local fish sellers, gardeners, barbers and lovers merge with his concerns for the exodus of migrant labourers, the challenges faced by health workers, and a mother braving checkpoints to bring her son home. Drawing inspiration from contemporary literature and cinema, *The Town Slowly Empties* is a unique window on a world desperate for love, care and hope. Manash is our Everyman, urging us to slow down and mend our broken ties with nature. Written with rare candour and elegance, this meditative book is a compelling account of the human condition that soars high above the empty streets.

[Autism in Heels](#) Longman Publishing Group

An up close and personal portrait of a legendary filmmaker, theater director, and comedian, drawing on candid conversations with his closest friends in show business and the arts—from Dustin Hoffman and Meryl Streep to Natalie Portman and Lorne Michaels. The work of Mike Nichols pervades American cultural consciousness—from *The Graduate* and *Who's Afraid of Virginia Woolf?* to *Angels in America*, *The Birdcage*, *Working Girl*, and *Primary Colors*, not to mention his string of hit plays, including *Barefoot in the Park* and *The Odd Couple*. If that weren't enough, he was also one half of the timelessly funny duo Nichols & May, as well as a founding member of the original improv troupe. Over a career that spanned half a century, Mike Nichols changed Hollywood, Broadway, and comedy forever. Most fans, however, know very little of the person behind it all. Since he never wrote his memoirs, and seldom appeared on television, they have very little sense of his searching intellect or his devastating wit. They don't know that Nichols, the great American director, was born Mikhail Igor Peschkowsky, in Berlin, and came to this country, speaking no English, to escape the Nazis. They don't know that Nichols was at one time a solitary psychology student, or that a childhood illness caused permanent, life-altering side effects. They don't know that he withdrew into a debilitating depression before he "finally got it right," in his words, by marrying Diane Sawyer. Here, for the first time, Ash Carter and Sam Kashner offer an intimate look behind the scenes of Nichols' life, as told by the stars, moguls, playwrights, producers, comics and crewmembers who stayed loyal to Nichols for years. Life Isn't Everything is a mosaic portrait of a brilliant and original director known for his uncommon charm, wit, vitality, and genius for friendship, this volume is also a snapshot of what it meant

to be living, loving, and making art in the 20th century.

The Essential Guide to Writing History Essays is a step-by-step guide to the typical assignments of any undergraduate or master's-level history program in North America. Effective writing is a process of discovery, achieved through the continual act of making choices--what to include or exclude, how to order elements, and which style to choose--each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple, short essays to completing a full research thesis, it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.

Mosaics Henry Holt and Company

Part of a three-level developmental writing series that integrates critical thinking, reading, and writing, *Mosaics: Focusing on Essays, Fourth Edition* concentrates on the essay using the processes and skills common to all good academic writing by examining a host of writing samples. An abundance of exercises and activities is included to help readers apply the techniques and practices of good writing to their own work. This book is explored in five major parts: 1) a discussion of the writing process; 2) guidelines for writing essays in each rhetorical mode; 3) a look at writing with sources; 4) an anthology of reading selections; and 5) a complete handbook of grammar and usage. For professionals with a career in writing and/or education.

[The Art of Flamenco](#) Sarah Crichton Books

Nexus presents the traditional rhetorical modes as different ways of thinking about our contemporary world, no matter the medium. It builds on students' multimedia communication skills by using a mix of readings in contemporary and traditional genres to improve students' college writing skills. Nexus starts where students' interests lie--with engaging essays, interviews, blog conversations, Web sites, and YouTube videos. These "readings" are presented in a lively, highly visual format that draws on the daily environment in which students are immersed, including electronic and visual sources that are stimulating, energizing, and directly related to topics they are studying. While the format of Nexus is contemporary and stimulating, the content is substantive and pedagogically sound. Students are asked continually throughout this text to pull ideas from multiple media and respond to them first with critical thinking and writing and then by creating a project through a written, oral, visual, or electronic medium of their own choice.

The Adventures of Mao on the Long March Plain White Press

A novelist and short-story writer, Willa Cather is today widely regarded as one of the foremost American authors of the twentieth century. Particularly renowned for the memorable women she created for such works as *My Antonia* and *O Pioneers!*, she pens the portrait of another formidable character in *The Song of the Lark*. This, her third novel, traces the struggle of the woman as artist in an era when a woman's role was far more rigidly defined than it is today. The prototype for the main character as a child and adolescent was Cather herself, while a leading Wagnerian soprano at the Metropolitan Opera (Olive Fremstad) became the model for Thea Kronborg, the singer who defies the limitations placed on women of her time and social station to become an international opera star. A coming-of-age-novel, important for the issues of gender and class that it explores, *The Song of the Lark* is one of Cather's most popular and lyrical works. Book jacket.

How to Write Your Own Life Story Prentice Hall

Timely and unsettling essays from an important and beloved writer and conservationist In *Erosion*, Terry Tempest Williams's fierce, spirited, and magnificent essays are a howl in the desert. She sizes up the continuing assaults on America's public lands and the erosion of our commitment to the open space of democracy. She asks: "How do we find the strength to not look away from all that is breaking our hearts?" We know the elements of erosion: wind, water, and time. They have shaped the spectacular physical landscape of our nation. Here, Williams bravely and brilliantly explores the many forms of erosion we face: of democracy, science, compassion, and trust. She examines the dire cultural and environmental implications of the gutting of Bear Ears National Monument—sacred lands to Native Peoples of the American Southwest; of the undermining of the Endangered Species Act; of the relentless press by the fossil fuel industry that has led to a panorama in which "oil rigs light up the horizon." And she testifies that the climate crisis is not an abstraction, offering as evidence the drought outside her door and, at times, within herself. These essays are Williams's call to action, blazing a way forward through difficult and dispiriting times. We will find new territory—emotional, geographical, communal. The erosion of desert lands exposes the truth of change. What has been weathered, worn, and whittled away is as powerful as what remains. Our undoing is also our becoming. *Erosion* is a book for this moment, political and spiritual at once, written by one of our greatest naturalists, essayists, and defenders of the environment. She reminds us that beauty is its own form of resistance, and that water can crack stone.

Mosaics Wave Books

"For centuries, Islamic calligraphy has mesmerized viewers with its beauty,

sophistication, and seemingly endless variety of styles. How to Read Islamic Calligraphy offers new perspectives on this distinctive art form, using examples from The Met's superlative collections to explore the enduring preeminence of the written word as a means of creative expression throughout the Islamic world. Combining engaging, accessible texts with stunning new photography, How to Read Islamic Calligraphy introduces readers to the major Islamic script types and explains the various contexts, whether secular or sacred, in which each one came to be used. Beauty and brilliance emerge in equal measure from works of every medium, from lavishly illuminated Qur'an manuscripts, to glassware etched with poetic verses, to ceramic tiles brushed with benedictions. The sheer breadth of objects illustrated in these pages exemplifies the ubiquity of calligraphy, and provides a compelling introduction to this unique art form"--Publisher's description

Eric Gill's opinionated manifesto on typography argues that 'a good piece of lettering is as beautiful a thing to see as any sculpture or painted picture'. This essay explores the place of typography in culture and is also a moral treatise celebrating the role of craftsmanship in an industrial age. Gill, a sculptor, engraver, printmaker and creator of many classic typefaces that can be seen around us today, fused art, history and polemic in a visionary work which has been hugely influential on modern graphic design. 'Written with clarity, humility and a touch of humour . . . timeless and absorbing' Paul Rand, The New York Times 'His lettering was clear, confident and hugely influential on the development of modern type design. The world has now caught up with Gill' Guardian How do we see the world around us? This is one of a number of pivotal works by creative thinkers like John Berger and Susan Sontag whose writings on art, design and the media have changed our vision for ever.

Exploring Writing Prentice Hall

The face of autism is changing. And more often than we realize, that face is wearing lipstick. Autism in Heels, an intimate memoir, reveals the woman inside one of autism's most prominent figures, Jennifer O'Toole. At the age of thirty-five, Jennifer was diagnosed with Asperger's syndrome, and for the first time in her life, things made sense. Now, Jennifer exposes the constant struggle between carefully crafted persona and authentic existence, editing the autism script with wit, candor, passion, and power. Her journey is one of reverse-self-discovery not only as an Aspie but--more importantly--as a thoroughly modern woman. Beyond being a memoir, Autism in Heels is a love letter to all women. It's a conversation starter. A game changer. And a firsthand account of what it is to walk in Jennifer's shoes (especially those iconic red stilettos). Whether it's bad perms or body image, sexuality or self-esteem, Jennifer's is as much a human journey as one on the spectrum. Because autism "looks a bit different in pink," most girls and women who fit the profile are not identified, facing years of avoidable anxiety, eating disorders, volatile relationships, self-harm, and stunted independence. Jennifer has been there, too. Autism in Heels takes that message to the mainstream. From her own struggles and self-discovery, she has built an empire of empowerment, inspiring women the world over to realize they aren't mistakes. They are misunderstood miracles.

Mosaics Penguin

KEY BENEFIT: " Part of a three-level developmental writing series that integrates critical thinking, reading, writing, revising, and editing, this book teaches the "processes and skills" common to all good academic writing. It includes both professional and student writings as well as a multitude of exercises and activities which help users apply the techniques and skills to their "own" writing. This book focuses on sentences in the context of essays, with related grammar, syntax, and mechanics covered in detail in the Revising and Editing sections. The rhetorically based instruction is repeated at more sophisticated levels in each of the three books. For those interested in a thorough examination of the academic writing.
