An Illustrated, Step-By-Step Guide to Assembling the AR-15 Rifle Gun Digest

Enthusiasts of the venerable Mosin-Nagant bolt-action rifle, one of the most basic of the Russian and Soviet small arms, will find a wealth

of information in the latest Soviet military manual translation by Maj. James F. Gebhardt. The manual, available in English for the first time, covers disassembly and assembly, cleaning and lubricating, and firing for zero at the specified zeroing range of 100 meters. Described in detail are all the steps, procedures and criteria that will ensure proper and safe function of the rifle or carbine. Also included are several data tables describing the ballistic performance of the 148-grain type-1908 projectile and the weight and length of the basic rifle and carbines in various configurations. For those interested

in the sniper version of this rifle, an appendix describes both the PE and PU scopes. This is the ultimate source for Mosin-Nagant owners. The Gun Digest Book of Automatic Pistols Assembly/Disassembly Simon and Schuster

A comprehensive small-game hunting guide, perfect for hunters ranging from first-time novices to seasoned experts, with photography by renowned outdoor photographer John Hafner Steven Rinella was raised in a hunting family and has been pursuing wild game his entire life. In this first-ever complete guide to hunting—from hunting wild game to butchering and cooking it—the host of the popular hunting show MeatEater shares his

own expertise with us, and imparts strategies and tactics from many of the most experienced hunters in the United States as well. This invaluable book includes

- recommendations on what equipment you will need—and what you can do without—from footwear to cutlery to camping gear to weapons
- basic and advanced hunting strategies for all North American small game, including drive techniques, solo and group hunting, ambush hunting, the use of hunting dogs, and techniques for decoying and calling
- how to find hunting locations, on both public and private land; how to locate areas that other hunters aren't using; and how to make competition work in your favor
- detailed sections on furred small game,

upland birds, and waterfowl, covering the biology and best hunting methods for a total of thirty small game species

- comprehensive information about hunting wild turkeys in both the spring and fall seasons
- how to master the arts of wingshooting and rifle marksmanship, and detailed information about shot placement, ammunition selection, and field maintenance of firearms and archery equipment
- instructions on how to field dress and butcher your own small game animals for a variety of preparations
- techniques and recipes for both indoor and outdoor wild game cooking

American & British 410 Shotguns Gun Digest Books

The Book Every Responsible Gun

Owner MUST Read It seems everywhere you turn these days someone is offering advice on carrying a handgun for self-defense. But Armed--The Essential Guide to Concealed Carry is like nothing you've read before. Authored by Bruce N. Eimer, Ph.D., a noted psychologist with a dedication to teaching skills for staying armed and alive, Armed is the thinking gun owner's bible. This comprehensive volume breaks down not just the tools and tactics, but the mindset and choices a law-abiding citizen must have and make to become self-reliant, alert and legally armed. Inside you'll find: Why going armed is about owning your safety, not just a handgun The true mindset that drives

anti-gunners How to avoid the "Hero Syndrome" What rules of engagement lead to justifiable use of force How to deal with the trauma after a shooting incident Practical dry-fire and live-fire drills Weapon retention--keeping a gun grab from happening to you The Force Continuum--how it works and the actions you'll take along its course to survive an attack And much, much more With comprehensive overviews on the gear that works and when it works, less-than-lethal rescue options, and common-sense solutions to everyday personal security problems, Armed--The Essential Guide to Concealed Carry is the one reference book that every truly responsible gun owner must read from cover to cover.

The Old Pro Turkey Hunter Krause Publications

During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In The Old Pro Turkey Hunter, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery

explains, "To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter." Through his stories, Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this

book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept. I would suggest that Updated spec and reference charts Expert a beginner bladesmith should take the advice on handloads and cartridge selection American Bladesmith Society's "Introduction to Bladesmithing". Class. It is a two-week class that will teach you how to forge, grind, heat treat and finish knife blades. The ABS also teach a one week "Handles and Guards" Class.Clyde had his Grandfather's blacksmith's shop consisting of a bellows forge, anvil, hammers and tongs. At first, he had an industrial 6-inch diameter grindstone. Later, I think he purchased a 2X72-inch belt grinder. He may have added a buffer for polishing the blades. A powered buffer is the most dangerous machine in a knifemakers shop. It has been known to take a blade from one's hand and drive it into your groin, foot or some other body part. I would suggest that you learn to hand finish the blades. Do not buy a powered buffer.As an

Armed - The Essential Guide to Concealed Carry Simon and Schuster
As a beginner knifemaker, you need to read this book. To be a successful knife maker, not only will you have to learn how to make knives you will have to learn how to sell them. Clyde had famous hunters and writers recommending his knives in newspapers, and Field and Stream Magazines.To be a member of the Knifemakers Guild you will have to submit to the board promotional materials in the form of a Catalog of your knives. Clyde had authored three excellent catalogs promoting his knives.The first half of this book is about Clyde Edward Fischer's life. The second half is about how I made

Apprentice, Journeyman or Master Bladesmith, I would recommend that you recreate some of the Fisher knives. They are well designed for their purpose and are good looking. They are as appealing today as they were when Clyde made them. I sold the knives that I made in a short period of time.

Volume 2: Small Game and Fowl Skyhorse

While movies and television have made many people familiar with the name Glock, not many know the history of Glock 's pistols. With *The Book of Glock*, Robert A. Sadowski showcases all of Glock 's American handgun models, from the first model, the Glock 17, which premiered in 1982, to the all-new G43, and educates firearms enthusiasts on the quirks of each. *The Book of Glock* references all Glock pistols available in the United States with in-depth information on all

models—history, serial numbers, rare Glock variants, comparative models, cutaway sales models, and more. Sadowski worked closely with Stanley Ruselowski, the president of the Glock Collectors Association, to bring readers information and photos of rarely seen Glocks. Each chapter is dedicated to a different model. Sadowski provides a timeline of the company 's evolution and a close look at how Glock redefined the combat pistol. Other chapters touch on rare models, commemorative editions, and Glock tools and accessories. Whether a firearms collector or a new enthusiast, anyone can enjoy Sadowski 's analysis of Glocks throughout history.

CURRENT Essentials of Medicine,
Fourth Edition CRC Press

Your one-stop guide to tactical shotguns: Selection. Modifications. Accessories. Tactical Shotgun is the essential guide to selecting and using a shotgun for defense. Whether your concern is self-defense, home defense or law

enforcement, author Scott Wagner's advice will help you make informed decisions. Here he offers an experienced point of view on many makes and models of tactical shotguns, along with information on ammunition and the many accessories available. Find out: What is a "tactical" shotgun? Pump action, semi-auto or double? What's the best choice for home defense? Which features are valued by law enforcement? Wagner also reviews some fun specialty ammo (learn which exotic load promised quite a show, but ultimately fizzled), and performs some very revealing backyard ballistics testing.
