Traveling Soul  
McFarland  
When a disturbed young woman claims responsibility for the murder of a syndicated radio psychiatrist, defense attorney Lou Mason discovers that she is protecting twisted killer, and delves into a dark world of greed, corruption, and drugs where the enemy lurks, waiting to make Lou his next victim.  
Original.

Report of the Presidential Commission on the Space Shuttle Challenger Accident  
Hachette UK

The minute she had opened the trunk, she knew there wasn't anything like hope in it. Just awful musty things, but each one with a kind of terrible dark halo around it.

She picked up that piece of old lace. She saw that stain -- pale, brownish in color. She knew it was blood. Somebody's blood. There was violence in that trunk, and dark secrets, and she did not want to know them. Curious about the old homestead where she now lives, Jerry finds an ancient trunk in the basement that contains, among other things, an old piece of bloodstained lace, some letters, and a battered doll. The objects in the trunk have stories to tell -- stories about the Spanish Inquisition spanning nearly five hundred years and stories of secrets locked deep in the bloodlines of Jerry's ancestors. Kathryn Lasky's powerhouse novel is a dramatic historical saga that brings the reader face-to-face with some of the worst

---

atrocities ever committed against humankind in the name of God. But above all, it is an unforgettable coming-of-age story about a girl who, in connecting with her own past and faith, is at last able to face her own demons and liberate not only herself but also future generations of her family from the long chain of suffering and silence.

**Deadlocked** Scholastic Inc.

Based on the real-life scheme to take down one of history's greatest monsters, this heart-pounding trilogy puts two courageous kids at the center of the plot to kill Adolf Hitler. Berlin, November 1943. With bombing raids commencing, the city is blanketed by explosions. Siblings Gerta and Max Hoffmann live a surprisingly carefree childhood amid the raids. Berlin is a city going about

its business, even as it's attacked almost nightly. But one night, the air raid sirens wail, and the Hoffmanns' neighborhood is hit. A mortally wounded man comes to their door, begging to be let in. He asks for Karl Hoffmann, their father. Gerta and Max watch as Karl tries in vain to save the man's life. Before he dies, the stranger gives their father a bloodstained packet of documents, along with a message: "For the sake of humanity, the Führer must die. Finish it, Karl!" Based on real events, this is the story of two children swept up in a fight for the soul of Germany -- and the world.

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non – Celtic influence on Scotland ' s history has been largely ignored for centuries? This book argues that much of Scotland ' s history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm

Scotland ' s identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors ' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Fallen Fourth Down (Special Edition) Pinnacle Books

A gripping novel about a man trying to escape his violent past and soon becomes a murder suspect when a publisher—and the husband of the woman he's having an affair with—turns up dead. The man who calls himself David Loogan is hoping to escape a violent past by living a quiet, anonymous life in Ann Arbor, Michigan. But when he's hired as an editor at a mystery magazine, he is drawn into an affair with the sleek blond wife of the publisher, Tom

---

Kristoll—a man who soon turns up dead. Elizabeth Waishkey is the most talented detective in the Ann Arbor Police Department, but even she doesn't know if Loogan is a killer or an ally who might help her find the truth. As more deaths start mounting up—some of them echoing stories published in the magazine—it's up to Elizabeth to solve both the murders and the mystery of Loogan himself. "Witty, sophisticated, suspenseful and endless fun...the best first novel I've read this year." —Washington Post "A hypnotically readable novel, with...dialog worthy of Elmore Leonard."—Douglas Preston "Fans of Peter Abrahams and Scott Turow will find a lot to like."—Publishers Weekly (starred review) Deadly Times Little, Brown Reviews the circumstances surrounding the Challenger accident to establish the probable cause or causes of the accident.

Develops recommendations for corrective or other action based upon the Commission's findings and determinations. Color photos, charts and tables.

History of Woman Suffrage:

1883-1900 DIANE Publishing

When the smiling King of Carnival is killed at Mardi Gras, policewoman Skip Langdon is on the case. She knows the upper-crust family of the victim and that it hides more than its share of glittering skeletons. But nothing could prepare her for the tangled web of clues and ancient secrets that would mean danger for her--and doom for the St. Amants.... "Smith is a gifted writer." THE WASHINGTON POST BOOK WORLD

The Physical Routledge

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound

---

policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of

wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Bad Things Happen Grove Press  
A dutiful husband and father walks out of his life and into a road trip from hell in a novel Toni Morrison calls "astonishing" and Don DeLillo proclaims "a slasher classic . . . strange, dark, and

---

funny." Wylie Jones has a happy marriage, beautiful children, and backyard barbecues in his tastefully decorated suburban house. One night he follows a sudden impulse, leaves his wife in bed, and commandeers his neighbor's emerald-green Ford Galaxy 500, driving away without a second look. He sheds all traces of his old life in favor of a new name and a new life and drives from town to town, following his deepest impulses where they lead. By turns scathing and hilarious, Stephen Wright's outrageous rollercoaster of sex and violence probes the nihilistic and savage core of the American identity.

Final Judgment Ballantine Books

'...from time to time a study comes along that truly can be called ' path breaking, ' ' seminal, ' ' essential, ' a ' must read. ' How the Irish Became White is such a study.' John Bracey, W.E.B. Du Bois Department of Afro-American Studies, University of Massachusetts, Amherst The

Irish came to America in the eighteenth century, fleeing a homeland under foreign occupation and a caste system that regarded them as the lowest form of humanity. In the new country — a land of opportunity — they found a very different form of social hierarchy, one that was based on the color of a person ' s skin. Noel Ignatiev ' s 1995 book — the first published work of one of America ' s leading and most controversial historians — tells the story of how the oppressed became the oppressors; how the new Irish immigrants achieved acceptance among an initially hostile population only by proving that they could be more brutal in their oppression of African Americans than the nativists. This is the story of How the Irish Became White. New Orleans Mourning Chicago Review Press Fans of Erin Watt's PAPER PRINCESS will love this story about a girl who moves into her

November Road  
WHEN A BRUTAL RAPIST IS MURDERED, A LOVING FATHER STANDS

ACCUSED OF THE CRIME.

DEFENSE ATTORNEY

DISMAS HARDY MUST

DEFEND HIS BROTHER-IN-

LAW AND OLD FRIEND

MOSES MCGUIRE IN A

THRILLING CASE THAT

HITS FAR TOO CLOSE TO

HOME. Moses McGuire has

good reason to be concerned

about his beautiful twenty-three-

year-old daughter, Brittany. She

moves quickly from one

boyfriend to the next, and

always seems to prefer a new

and mysterious stranger to a

man she knows something

about. But her most recent ex,

Rick Jessup, isn't willing to let

her go, culminating in a terrible

night when Brittany is raped.

Within twenty-four hours, Rick

Jessup is dead, Moses McGuire

is the prime suspect in the investigation, and Dismas Hardy

has been hired to defend his

brother-in-law. Making things

even more complicated,

McGuire has fallen off the

wagon, and his stay in prison

could bring to light old secrets

that would destroy Hardy and

his closest colleagues' careers.

As the overwhelming evidence

against McGuire piles up,

Dismas Hardy focuses on

planting doubt in the minds of

the jurors—until, in a feat of

legal ingenuity that is staggering

in both its implications and its

simplicity, Hardy sees a new way

forward that might just save

them all. But at what price? For

the first time since 2009, Dismas

Hardy, the author's most

beloved protagonist, returns in a

masterful novel that showcases

Lescroart's extraordinary story-

telling gifts: a cast of flesh-and-

blood characters, morally

complex situations, and

relentless, nail-biting suspense.

Between 1907 and 1911, the United States was hit by the longest period of sustained terrorism in its history. Of more than 200 bombings that were carried out during this period, the most shocking was the dynamiting of the Los Angeles Times building on the morning of October 1, 1910, which killed twenty-one people. Deadly Times tells the fascinating story of the bombing, the search to apprehend the bombers, the issues that polarized the nation, and the dramatic trials that ensued. The magnificent cast of characters includes: General Harrison Gray Otis, owner of the Los Angeles Times, whose proposal to de-unionize San Francisco and Los Angeles led to its being singled out as a bombing target. William J. Burns, who tracked down the bombers and would eventually become the first director of the FBI. Earl Rogers, the brilliant criminal attorney, drinking companion of Jack London, who became the model for Perry Mason. The legendary Clarence Darrow, who defended the bombers And the bombers themselves, the brothers J.J. and J.B. McNamara, who on their arrest became symbols of capitalist treachery to the working class.

How the Irish Became White  
Joel Goldman

Raising Abel assumes that the Bible would not bother telling us about a cunning serpent, a murderous brother, or a resinous gopher tree, if they didn ' t have something to do with the deeper topic of faith. After all, isn ' t the Bible " the authority " on faith? Raising Abel explores the most familiar chapters of Genesis, not as a collection of

---

stories of the beginning of time, but as our first and best guide to the subject of faith. The author, as a physician, explains faith within the framework of wellness, dividing the Genesis stories into four parts that answer four questions. The Premise: What does healthy faith look like? (Genesis 1 – 2) The Problem: What can cause this healthy state to become “diseased”? (Genesis 3 – 5) The Prescription: What medicine is needed to restore us to a healthy faith? (Genesis 6 – 9:17) The Practice: What must we do to maintain this healthy faith? (Genesis 9:18 – 11) Raising Abel reassures us that “there is something greater than a perfectly good world; it is an imperfect world plus faith.” In a perfect world there would be no need of faith. Get ready to experience faith in a whole

new light!

The Immortal Life of Henrietta Lacks Kensington Books

Aaron W. Marrs challenges the accepted understanding of economic and industrial growth in antebellum America with this original study of the history of the railroad in the Old South. Drawing from both familiar and overlooked sources, such as the personal diaries of Southern travelers, papers and letters from civil engineers, corporate records, and contemporary newspaper accounts, Marrs skillfully expands on the conventional business histories that have characterized scholarship in this field. He situates railroads in the fullness of antebellum life, examining how slavery, technology, labor, social convention, and the environment shaped their evolution. Far from seeing the Old South as backward and premodern, Marrs finds evidence of urban life, industry, and entrepreneurship

---

throughout the region. But these signs of progress existed alongside efforts to preserve traditional ways of life. Railroads exemplified Southerners' pursuit of progress on their own terms: developing modern transportation while retaining a conservative social order. Railroads in the Old South demonstrates that a simple approach to the Old South fails to do justice to its complexity and contradictions. -- Dr. Owen Brown and Dr. Gale E. Gibson Railroads in the Old South Character Flaw Press, LLC From the bestselling author of The Bomber Mafia: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of

the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. " A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world. " —Michael Lewis Stone Cold Pinnacle Books Curtis Mayfield was one of the seminal vocalists and most talented guitarists of his era, and his music played a vital role in the civil rights movement: "People Get Ready" was the black anthem of the time. In Traveling Soul, Todd Mayfield tells his famously private father's

---

story in riveting detail. Born into dire poverty, raised in the slums of Chicago, Curtis became a musical prodigy, not only singing like a dream but growing into a brilliant songwriter. In the 1960s he opened his own label and production company and worked with many other top artists, including the Staple Singers. Curtis's life was famously cut short by an accident that left him paralyzed, but in his declining health he received the long-awaited recognition of the music industry. Passionate, illuminating, vivid, and absorbing, *Traveling Soul* will doubtlessly take its place among the classics of music biography.

Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been

bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this

---

story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta ’ s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn ’ t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.
