Confessions of a Traveling Man Trading Spaces
Jupiter's Travels - Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in

the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

Route 66 is the "Main Street of America," heralded in song and popular culture. It took a maze of different routes through St. Louis before slashing diagonally across the "Show-Me State" through the beauty of the Ozarks. In between, there are classic motels, diners, tourist traps, and gas stations bathed in flashing and whirling neon lights. Natural wonders include crystal-clear streams, majestic bluffs, and wondrous caverns. Roadside marketers concocted legends about Jesse James, painted advertisements on barns, lived with deadly snakes, or offered curios such as pottery and handwoven baskets. That spirit is alive today at the Wagon Wheel and the Munger-Moss, the Mule, Meramec Caverns, and Ted Drewes Frozen Custard, just to name a few. Their stories are included here.

The Rebels The Boy in the Window
A few months after the Armistice of 1918 was signed, when the talk of everyone concerned was either when they would be demobilized or what they would do when they WERE demobilized, two young men were exchanging views on this same subject in the heavy atmosphere of a very ordinary hotel somewhere in London. One was wondering how near, or how far, were the days when he would see the old home-folks once again "way back in Dixieland." The other was wondering what form of dissipation would be best suited to remove that haunting feeling of unrest, which as a result of three or four years of active service was so common amongst the youth of England at that time.

Route 66 in Missouri Simon and Schuster
"Imagine George Costanza from Seinfeld being sent off to cover the Iraq War . . . Hilarious" (Michiko Kakutani, The New York Times). Chris Ayres is a small-town boy, a hypochondriac, and a neat freak with an anxiety disorder. Not exactly the picture

of a war correspondent. But when his boss asks him if he would like to go to Iraq, he doesn't have the guts to say no. After signing a one million dollar life-insurance policy, studying a tutorial on repairing severed limbs, and spending twenty thousand dollars on camping gear (only to find out that his bright yellow tent makes him a sitting duck), Ayres is embedded with a battalion of gung ho Marines who either shun him or threaten him when he files an unfavorable story. As time goes on, though, he begins to understand them (and his inexplicably enthusiastic fellow war reporters) more and more: Each night of terrifying combat brings, in the morning, something more visceral than he has ever experienced—the thrill of having won a fight for survival. A "heartbreakingly funny" memoir (Anthony Swofford, author of Jarhead), War Reporting for Cowards tells, with "self-deprecating wit" (The New Yorker), the story of Iraq in a way that is extraordinarily honest, and bitterly hilarious. "Chris Ayres has invented a new genre: a rip-roaring tale of adventure and derring-don't." —Toby Young, author of How to Lose Friends and Alienate People "Darkly entertaining." —Los Angeles Times "Ayres's stories of life with Marines are gripping—in part because he's the perfect neurotic foil." —People

first in seventeen years, Robert M. Pirsig, author of *Zen and the Art of Motorcycle Maintenance*, takes us on a poignant and passionate journey as mysterious and compelling as his first life-changing work. Instead of a motorcycle, a sailboat carries his philosopher-narrator Phaedrus down the Hudson River as winter closes in. Along the way he picks up a most unlikely traveling companion: a woman named Lila who in her desperate sexuality, hostility, and oncoming madness threatens to disrupt his life. In *Lila* Robert M. Pirsig has crafted a unique work of adventure and ideas that examines the essential issues of the nineties as his previous classic did the seventies.

Moto-journalist Clement Salvadori has been riding motorcycles since the age of 15 and traveling all of his life, accumulating well over a million miles in the saddle across more than 70 countries on six continents. *No Thru Road* covers 30 different trips he has taken, to places like Afghanistan and Zimbabwe, since his first ride through western Europe in 1957. The stories are all original, though the subject may have appeared as a magazine article in a very different rendition. The book will appeal to adventure-travel enthusiasts and to motorcyclists and travelers of all persuasions. Adventurous riders will thoroughly appreciate the book, as in the description of kick-starting a 500cc single - never easy to do - at 17,200 feet in the Tibetan Himalayas. Or going up to Cape Tribulation in Australia's Queensland in 1974 when the only access was via a once-a-week ferry across the Daintree River. Or riding a bike to Pamplona, Spain, in 1960 in order to run with the bulls. Activists who want to get on their motorcycles and ride down into Mexico's Copper Canyon will enjoy the book, as will the arm-chair traveler who is happy reading about traveling from Peru's Great Ica Desert over the Andes Mountains to the Amazon basin. Clement's adventures are arranged so the reader can open the book to any chapter, be it India, Nepal, the Sahara, New Zealand or Viet Nam, and not have to worry about following a thread. Lots of adventures, lots of good reading, lots of photos and illustrations. This book promises excellent entertainment and a glimpse into

life as a moto-journalist.

I often wonder if we are living the wrong life in the wrong country. Talia is being held at a correctional facility for adolescent girls in the forested mountains of Colombia after committing an impulsive act of violence that may or may not have been warranted. She urgently needs to get out and get back home to Bogotá, where her father and a plane ticket to the United States are waiting for her. If she misses her flight, she might also miss her chance to finally be reunited with her family. How this family came to occupy two different countries, two different worlds, comes into focus like twists of a kaleidoscope. We see Talia's parents, Mauro and Elena, fall in love in a market stall as teenagers against a backdrop of civil war and social unrest. We see them leave Bogotá with their firstborn, Karina, in pursuit of safety and opportunity in the United States on a temporary visa, and we see the births of two more

children, Nando and Talia, on American soil. We witness the decisions and indecisions that lead to Mauro's deportation and the family's splintering—the costs they've all been living with ever since. Award-winning, internationally acclaimed author Patricia Engel, herself a dual citizen and the daughter of Colombian immigrants, gives voice to all five family members as they navigate the particulars of their respective circumstances. Rich with Bogotá urban life, steeped in Andean myth, and tense with the daily reality of the undocumented in America, *Infinite Country* "is as much an all-American story as it is a global one" (Booklist, starred review).

The legendary 1950s-era TV show *Happy Days* gets reinvented as a gritty, "shamelessly entertaining" (Kirkus Reviews) 1980s noir. Late October, 1984. Prince and Bruce are dominating FM radio. Ron and Nancy are headed back to the White House. And Richard Cunningham? Well, Richard Cunningham is having a really bad Sunday. First, there's the meeting with his agent. A decade ago, the forty-

something Cunningham was one of Hollywood's hottest screenwriters. But now Tinseltown is no longer interested in his artsy, introspective scripts. They want Terminator cyborgs and exploding Stay Puft Marshmallow men. Then later that same day Richard gets a phone call with even worse news: His best friend from childhood back in Milwaukee is dead. Arthur Fonzarelli. The Fonz. He lost control of his motorcycle while crossing a bridge and plummeted into the water below. Two days of searching and still no body, no trace of his trademark leather jacket, and Richard suspects murder. With the help of his old pals Ralph Malph and Potsie Weber, he sets out to catch the killer. "Readers yearning for simpler times will enjoy this trip down memory lane, which is as comforting as an episode of Happy Days" (Publishers Weekly). Who Killed the Fonz? imagines what happened to the characters of the legendary TV show Happy Days twenty years after the series left off. And while much has changed in the interim—goodbye drive-in movie theaters, hello VCRs—the story centers around the same timeless themes as the show: The meaning of family. The significance of friendship. The importance of community. "Wildly inventive and entertaining" (Booklist), Who Killed the Fonz? is an "irresistible" (New York Newsday) twist on a beloved classic that proves sometimes you can go home again.
