In grammar school, I hopped around like a frog to get attention. Consequently, my nickname became Frog, and after sixty-five years, some people still call me that. I became an artist just like Tod the Tadpole did. So one early morning, it came to me that this might be a good story line for a childrens book. So I told the entire tale to my wife. She seemed to enjoy it, so I decided to do this little book. It is my hope that everyone will get a kick out of the story of Tod and that the children who read it and those who have someone read it to them will be encouraged to do their very best in all the endeavors of their lives

have been silenced, documents and historical monuments falsified, and whole parts of history fabricated, with the aim of creating a glorious Serbo-Yugoslav history, and to demean Croatian history and freedom of thought. The falsifiers made every effort to break the unity of the Croatian people, and thus imposed a model whereby all Orthodox Christians were Serbs. The deepest hidden secret in modern-day democratic Croatia is that the Orthodox faith and Orthodox Church of the Croatian people

did indeed exist This book disproves the accumulated lies, points to facts and historical truth and allows for a better understanding of the historic course of the restoration of the Croatian Orthodox Church. On December 1, 2013, Patriarch Nicolas signed a Tomos granting autocephaly to the Croatian Orthodox Church. This book provides readers with answers to why the Croatian Orthodox Church is unlawfully being prevented registration in the Republic of Croatia. Bulletin - Biological Survey
