After the birth of their son, Jay Sinha and Chantal Plamondon set out on a journey to eliminate plastic baby bottles as the Canadian government banned BPA. When they found it was difficult to procure glass baby bottles, Jay and Chantal made it their mission to not only find glass and metal replacements for plastic, but to make those products accessible to the public as well. Printed on wood-free FSC (sustainable certified) paper and with BPA-free ink, Life Without Plastic strives to create more awareness on the issue of BPA, polycarbonates and other single-use plastics, and provides readers with safe, reusable and affordable alternatives.
