### **Crafting Strategy Through Economic Time**

The essential guide to survival plan essentials! The key to being prepared is to have the things you need ahead of time--before an emergency happens. During these uncertain times, there is no such thing as being over prepared. With the huge range of potential disasters to prepare for, it can be overwhelming trying to decide which items are best to include in your survival plans. The Family Preparedness Buyer's Guide is an all-in-one guide to essential equipment that meets all basic survival needs.

Applying this information to your survival plans will ensure your loved ones will be provided with adequate shelter, water, food and then some in a variety of emergency situations. Inside you'll find:

- Chapters arranged by survival category--survival kits; emergency shelter, fire and clothing; lighting and power sources; hydration and water purification; emergency food and cooking gear; multipurpose tools, first aid and hygiene; survival knives and cutting tools; communication and navigation tools; and survival guns.
- Lists of specifications for various disaster products so you can compare across brands and models and select the gear that is right for you
- Detailed feature articles for each gear type so you understand why the gear is essential before purchasing anything
- Reviews of specific gear and survival-related products

When you are prepared, you're not just hoping for the best, you're planning for the best possible outcome no matter what life throws at you. Begin preparing today.
