Solve all practice problems, question papers, mock tests included in the set to clear the exam easily *Competition Science Vision* by Mocktime Publication This book contains the answers to the general doubts we have when we start the preparation for UPSC. From my personal experiences, I have tried to

addressed some of the issues and how one can prepare. This book is divided into various chapters which have questions related to ‘before UPSC times’ i.e. when I failed in IIT even after taking a drop at Kota and my college life where I wasn’t sure as to where life will take me, ‘during UPSC times’ i.e. when I was preparing for the UPSC and ‘after UPSC’ where questions related to Mussoorie and Hyderabad academies, life of civil servants in general have been answered. I want to put a disclaimer in the beginning itself that this book doesn’t cover any part of the UPSC syllabus and this book is just to motivate and help you strategize your way to fight UPSC and any other life struggle for that matter. I would recommend readers

not to ‘study’ this book but ‘read’ it which means that go through this book at leisure time. Pick up the book whenever you are in doubt, feel depressed or want to quit. This book can be your favorite companion during tough times. You will be able to learn few things from my mistakes, you might laugh at few moments, you may picture yourself as a successful candidate while reading this book. There is no compulsion to complete this book and I believe that you can pick this from any page. The size of book is because I tried addressing as much as I could in this book. Thank you. Jai Hind.
