**COMPETITION TIMES**  
A thorough and incisive  
introduction to  
contemporary India The  
story of the forging of  
India, the world's largest  
democracy, is a rich and  
inspiring one. This  
volume, a sequel to the  
best-selling India's  
Struggle for  
Independence, analyses  
the challenges India has  
faced and the successes  
it has achieved, in the  
light of its colonial  
legacy and century-long  
struggle for freedom.  
The book describes how  
the Constitution was  
framed, as also how the  
Nehruvian political and  
economic agenda and  
basics of foreign policy  
were evolved and  
developed. It dwells on

Centre and the states, the with objective Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
