This unique core text helps BSW and MSW students structure their field placement learning around the nine CSWE professional social work competencies. Empowering students to go beyond merely completing tasks, the book facilitates mastery and integration of these competencies by elucidating key concepts and applying them to realistic competency-based case scenarios. Each user-friendly chapter—directly linked to a particular competency—promotes thought-provoking reflection about field work with critical thinking questions, a detailed case example, and an online competency reflection log template. These tools reinforce learning by connecting competencies directly to students’ internship experiences. Cases are structured to serve as models when students prepare their own cases and include a review of the competency; detailed practice settings; socioeconomic and context factors at micro, macro, and mezzo levels; a problem overview; an assessment of client strengths and weaknesses; and a closing summary. Additional learning aids include chapter opening vignettes and objectives, plus chapter summaries. Web and video links offer students a wealth of supplemental resources, and a robust instructors package provides teachers with PowerPoints, written competency assignments with grading rubrics, and discussion exercises. The print version includes free, searchable, digital access to entire contents of the book. Key Features: Integrates field placement experiences with the nine CSWE 2015 competencies Promotes thought-provoking reflection about fieldwork with detailed case studies and challenging learning tools Includes discussions of ethical dilemmas, technology, and social media to reflect growing use and the challenges associated Includes online instructors’ resources including, PowerPoints, written competency assignments with grading rubrics, and class discussion field reflection activities Print version includes free, searchable, digital access to entire contents of the book Social Work National Assn Social Workers

**Internship, Practicum, and Field Placement Handbook** Legare Street Press  
This book is a comprehensive survey of the theories, principles, methods, and formats that are most appropriate and applicable to teaching in the field of social work. Drawing from her extensive classroom and field experience, the renowned social work researcher and educator Jeane W. Anastas merges “ practice wisdom ” with rigorous research on instruction and learning, identifying the factors that produce effective educational outcomes. Built around a teacher- and student-in-situation framework, **Teaching in Social Work** examines the effect of social issues, professional norms and needs, and educational settings on the interactions among educators, students, and subjects. Anastas draws on the theories and research findings of higher education and social work education literature. She illuminates the critical aspects of teaching and learning as an adult, the best uses of different modalities of instruction, and the issues of diversity that influence all aspects of teaching and learning. The book also engages with ethics, teaching and learning assessments, and faculty work in full-time social work education. This second edition is thoroughly updated to reflect the many important developments in the years since the book ’ s original publication, including new accreditation standards, the rise of online instruction, changes in higher-education hiring practices, and more.

**The Social Work Field Instructor's Survival Guide** Waveland Press  
Social workers encounter a number of unique forms of occupational stress on a daily basis. The more thoroughly they understand the stressors they face, the better-prepared social workers will be able to manage them successfully. **Self-Care in Social Work** is a guide to promote effective self-care tailored to the needs of social workers, including both individual and organizational approaches. On a personal level, it goes beyond the typical prescriptions to exercise, eat well, sleep more, and get a massage or meditate. In fact, the book is based on the premise that self-care should not be an add-on activity only happening in the rare instance there is some free time. Instead, it is conceptualized as a state of mind and considered an integral part of a social worker's training. In **Self-Care in Social Work**, the reader is taught how to approach individually oriented self-care through the development of self-awareness, self-regulation, and self-efficacy. At the organizational level, readers are guided through a process of learning about areas of match and mismatch between themselves and their agency structure and culture. The book is timely in that the economic downturn has put pressure on agencies to do more with less, which ultimately leads to stress. Burnout, compassion fatigue, and vicarious trauma are topics that students, instructors, practitioners, and administrators are concerned about. A practical guide to stress management and approaches to self-care, this book includes narratives gathered from both students and practitioners in the field. It is an excellent resource for social workers, counselors, and mental health professionals in education.--Back cover.

**Finding Your Way Through Field Work** Oxford University Press, USA  
"The social work practicum lies at the heart of social work education. In practicum, social work students apply the concepts learned in the classroom; challenge the realities of injustice; bear witness to resiliency in action; struggle to resolve ethical dilemmas; collaborate with others to create change; and support wellness in individuals, families,

and communities. It is here that students transition from being a theoretical social worker to assuming the mantle of a practicing social worker. In this transition, social work students uncover and identify their place in the profession. This learning process is an adventure, and this textbook provides a guide for that adventure."--

**Supervision in Social Work** Pearson  
Despite the critical role that community-based supervisors play in the training of social work students, there has been no comprehensive resource for core information—until now. This is a sage, practical guide for social work field instructors who want to provide expert guidance to their students in the field and in the classroom. It helps field educators to impart the knowledge, skills, and values of the social work profession and to assist students in translating classroom knowledge into effective practice in realworld settings. The book helps instructors to master the nuts and bolts of field education by delineating how to orient students to field work and supervision, monitor cases, evaluate student performance, navigate professional ethics, comply with CSWE practice competencies, and fulfill all requirements of a social work practicum. The authors, who are seasoned social work practitioners and veteran field instructors, distill years of hard-earned wisdom regarding all components of the field education process.

They describe how to recruit practicum students and facilitate positive collaboration between school and field agency. The chapters outline dos and don ’ ts of supervision, learning assessment planning and agendas, evaluation plans and techniques, how to integrate theory and practice, and how to best assist students who are struggling. Plentiful examples from social work programs and field agencies clearly illustrate the challenging process of providing field instruction to both graduate and undergraduate social work students. KEY FEATURES: Provides comprehensive, practical guidance for all aspects of social work field education Includes helpful strategies regarding challenging aspects of field education Addresses student orientation, evaluation, professional ethics, supervision dos and don ’ ts, integrating theory and practice, and much more Guides field instructors in complying with CSWE practice competencies Helps field instructors clarify the expectations of a social work practicum and stay connected with their students ’ schools

Self-care in Social Work N A S W Press  
The development of this inaugural Handbook of Oncology Social Work: Psychosocial Care for People With Cancer provides a repository of the scope of oncology social workers' clinical practice, education, research, policy and program leadership in the psychosocial care of people with cancer and their families. It focuses on the unique synergy of social work perspectives, values, knowledge, and skills with the psychosocial needs of cancer patients, their families, and the health care systems in which they are treated. It addresses both the science and art of psychosocial care and identifies the increasing specialization of oncology social work related to its unique knowledge base, skills, role, and the progressive complexity of psychosocial challenges for patients with cancer. This Handbook equips the reader with all that we know today in oncology social work about patient and family centered care, distress screening, genetics, survivorship, care

coordination, sociocultural and economic diversity, legal and ethical matters, clinical work with adults living with cancer, cancer across the lifespan, their caregivers and families, pediatrics, loss and grief, professional career development, leadership, and innovation. Our hope is that in reading this Handbook you will identify new areas where each of you can leave your mark as innovators and change agents in our evolving field of practice.

"The 9th edition of School Social Work: Practice, Policy and Research marks the further development of school social work as a social work specialization, as well as this venerable textbook itself. American school social work is well into its second century now, and despite ever-present concerns about limited resources, budgets, and school social worker: student ratios, school social work continues to grow, both in the U.S. and internationally. Throughout the U.S. and globally, school social work is becoming increasingly essential to the educational process as families and communities strive to make schools safe and inclusive places for children to learn, to grow, and to flourish. This 9th edition strives to reflect how school social work practice in the third decade of the 21st century effectively impacts academic, behavioral, and social outcomes for youth and the school communities they serve"--

The Practicum Companion for Social Work Oxford University Press  
Field placement is one of the most exciting and exhilarating parts of a formal social work education. It is also one of the most challenging. It allows you, the student, to put into practice the concepts, theories, and skills learned in the classroom. It puts you in the position of practicing with live clients. It gives you room to explore and grow as a budding professional. More than anything else, it requires you to look inside yourself to examine yourself, your abilities, your reactions, and your suitability as a social worker. It can be invigorating, and it can be extremely difficult. Field placement regardless of the setting or time involves universal issues for all social work students. Those issues are reflected in THE FIELD PLACEMENT SURVIVAL GUIDE. This collection of articles from THE NEW SOCIAL WORKER magazine addresses the multitude of issues that social work students in field placement face, including choosing a placement, getting prepared, using supervision effectively, working with clients, coping with challenges, and moving on to a successful social work career. This collection is a goldmine of practical information that will help social work students take advantage of all the field placement experience has to offer. Each chapter (many written by seasoned experts in field education; others by students) presents a

different aspect of the practicum and offers students insight into the importance of both the challenges and the joys of this unique learning experience. This second edition includes 9 new chapters. This book is part of the BEST OF THE NEW SOCIAL WORKER(R) book series.
