The unputdownable debut thriller you will never forget. There is something terribly wrong in Wolf Ridge. Every November, every teen is overwhelmed with a hunger for violence...at least, that's the urban legend. After Wyatt Green's mother was brutally murdered last Fall, she's convinced that the November sickness plaguing Wolf Ridge

isn't just a town rumor that everyone ignores...it's a palpable force infecting her neighbors. Wyatt is going to prove it, and find her mother's murderer in the process. She digs up every past brutal act she can find from Wolf Ridge's past—from car wrecks, suicides, and unnamed victims turning up in rivers—and even reaches out to an out-of-state journalist that seems to believe her. But all of her digging leads to nowhere. Everyone in Wolf Ridge accepts that the November sickness is real, and absolutely no one will talk about it. As Wyatt's best friend Cash turns on her, and her friend is almost killed in a tragic accident, Wyatt panics—how can she keep her friends safe, and find her mother's murderer, when no one believes her? As the evidence starts to disappear, Wyatt wonders: is she just imagining everything? Is the sickness real, or are the people of Wolf Ridge just naturally prone to doing bad things? Can Wyatt and her friends come out of the Violent Season unscathed, or is one of them going to be the next victim? "Holy sh..... Can I just say that? Can that be the review? Technically yes, but I ****NEED**** to say that this is without a doubt and by far one of the best books I have read this year!"—Brittney Green, Netgalley Reviewer "A freaking INCREDIBLE debut for Sara Walters. I have not felt this pull to a book in a hot minute. **PREORDER IT, ADD IT TO YOUR TBR, AND WAIT IMPATIENTLY FOR OCTOBER BECAUSE THIS BOOK WAS** ??????"—Tiffany Clark,

Netgalley Reviewer "Be prepared to be captivated after the first sentence."—Rachel Milburn, Netgalley Reviewer Avatar Shastra - the Science of Descent Sourcebooks, Inc. Digital Reference Services in Academic Libraries presents the background of DRS, evolution of DRS, the concept of DRS, emerging models of DRS, benefits and limitation of DRS, personalized services, trends and challenges, technological developments, evaluation and guidelines, effectiveness and DRS in academic libraries. The case study examined the existing

status of digital reference services (DRS) in four selected public academic libraries in Malaysia. Focused is given on the awareness, usage, users' perception, users' satisfaction, library's performance, and looked at the perceived needs, issues and problems faced by librarians and students. The study is important to determine how academic librarians are exploiting the latest information and communication technologies to improve reference service operations. Recommendations are made on the need for the implementation of synchronous

DRS, enhancing the role of DRS, marketing and promotion, staff training, user education programmes and cooperation. The main contribution of this book is the assessment of effectiveness of DRS in academic libraries in Malaysia, the identification of perceived needs, issues and problems and suggestions on the areas of improvement in the use of DRS. In the process, a conceptual model for the effectiveness of the implementation of DRS in academic libraries in Malaysia is presented. The author also proposes directions for future

research in the area of DRS.

Perfect for fans of The Cruel Prince and Sorcery of Thorns, this

exhilarating, page-turning fantasy will pull readers into a lush and stunning world where nothing—and no one—can be trusted. I did not choose this fate. But I will not walk away from it. Children have been disappearing from across Menaiya for longer than Amraeya ni Ansarim can remember. When her friend's sister is snatched, Rae knows she can't look away any longer—even if that means seeking answers from the royal court, where her country

upbringing and clubfoot will only invite ridicule. Yet the court holds its share of surprises. There she discovers an ally in the foreign princess, who recruits her as an attendant. Armed with the princess's support, Rae seeks answers in the dark city streets, finding unexpected help in a rough-around-the-edges street thief with secrets of his own. But treachery runs deep, and the more Rae uncovers, the more she endangers the

kingdom itself. Praise for Intisar Khanani's *Thorn*: "Set in a dark and dangerous world. Well-written and dramatically told, teens will find much to love in a novel in which the princess grows to become a force to be reckoned with." —School Library Journal (starred review) "Khanani beautifully crafts Alyrra's quiet but clear journey of self-definition." —Bulletin of the Center for Children's Books (starred review)

The Travel Diary of

Amos Lee *Tiger Tales* University Physics with Modern Physics, Technology Update, Thirteenth Edition continues to set the benchmark for clarity and rigor combined with effective teaching and research-based innovation. The Thirteenth Edition Technology Update contains QR codes throughout the textbook, enabling you to use your smartphone or tablet to instantly watch interactive videos about

relevant demonstrations or problem-solving strategies. University Physics is known for its uniquely broad, deep, and thoughtful set of worked examples—key tools for developing both physical understanding and problem-solving skills. The Thirteenth Edition revises all the Examples and Problem-solving Strategies to be more concise and direct while maintaining the Twelfth Edition's consistent, structured approach and

strong focus on modeling as well as math. To help you tackle challenging as well as routine problems, the Thirteenth Edition adds Bridging Problems to each chapter, which pose a difficult, multiconcept problem and provide a skeleton solution guide in the form of questions and hints. The text's rich problem sets--developed and refined over six decades--are upgraded to include larger numbers of problems that are biomedically oriented or

require calculus. The problem-set revision is driven by detailed student-performance data gathered nationally through MasteringPhysics®, making it possible to fine-tune the reliability, effectiveness, and difficulty of individual problems. Complementing the clear and accessible text, the figures use a simple graphic style that focuses on the physics. They also incorporate explanatory annotations--a

technique demonstrated to enhance learning. This package consists of: University Physics with Modern Physics Technology Update, Volume 1 (Chapters 1-20), Thirteenth Edition

A Cincinnati detective questions everything he knows--and everyone he trusts--in the new novel of romantic suspense from New York Times bestseller Karen Rose. Homicide detective Adam Kimble is no stranger to battling demons. But Meredith

Fallon is a different kind of weakness: one that could actually be good for him, if only he would let himself depend on her. Meredith has loved Adam for a year, and seeing how hard he's worked to deal with his PTSD makes her feelings only stronger, but she respects his needs. Her work keeps her busy anyway: she counsels sexually abused women like Mallory Martin to help them reintegrate into the world. But someone doesn't want Meredith helping women like Mallory, and Meredith finds herself in the crosshairs of a very determined killer. Adam would risk anything for her, but they'll soon find out she isn't

the only target...

""Promise me, Dad," Beau had told his father. "Give me

your word that no matter what happens, you're going to be all right." Joe Biden gave him his word. *Promise Me, Dad* chronicles the year that followed, which would be the most momentous and challenging in Joe Biden's extraordinary life and career. Vice President Biden traveled more than a hundred thousand miles that year, across the world, dealing with crises in Ukraine, Central America, and Iraq. When a call came from New York, or Capitol Hill, or Kyiv, or Baghdad--"Joe, I need your

help"--he responded. For twelve months, while Beau fought for and then lost his life, the vice president balanced the twin imperatives of living up to his responsibilities to his country and his responsibilities to his family. And never far away was the insistent and urgent question of whether he should seek the presidency in 2016. The year brought real triumph and accomplishment, and wrenching pain. But even in the worst times, Biden was able to lean on the strength of his long, deep bonds with

his family, on his faith, and on his deepening friendship with the man in the Oval Office, Barack Obama. Writing with poignancy and immediacy, Joe Biden allows readers to feel the urgency of each moment, to experience the days when he felt unable to move forward as well as the days when he felt like he could not afford to stop. This is a book written not just by the vice president, but by a father, grandfather, friend, and husband. *Promise Me, Dad* is a story of how family and friendships sustain us

and how hope, purpose, and action can guide us through the pain of personal loss into the light of a new future."--Provided by publisher.

In this nerve-shattering novel in New York Times bestselling author Karen Rose's Cincinnati series, two FBI Special Agents are on the trail of a depraved criminal... When FBI Special Agent Griffin "Decker" Davenport opens his eyes after several days in a coma, there is unfinished business still on his mind. Decker's on the cusp of discovering the mastermind

behind a human trafficking case, and he and his partner, Special Agent Kate Coppola, are determined to bring the perpetrator to justice. And they're about to get a surprising new lead from a very unlikely source. Eighteen-year-old Mallory Martin and her little sister, Macy, were the victims of an illegal adoption—sold by their addict mother for drugs. But their “benefactor” is not who everyone thinks he is. Mallory has never told his secrets before—the danger to her and her sister has always been too great. But

everyone has a limit to what they can endure...

Impending motherhood serves up a confusing cocktail of heroic strength and terrifying vulnerability. Our culture has seized on the “vulnerability” part of this experience and tends to reinforce a pregnant woman’s insecurities instead of encouraging her to embrace this most natural time and trust her body, her intuition, and her own mind. Feng Shui Mommy takes a different approach, helping the expecting mother build her own unique, epic journey to motherhood. It’s about supporting her while she

shores up her mind-body-spirit alignment so she can best handle the cosmic kick in the uterus and juicy kiss on the soul that pregnancy is. Bailey Gaddis guides women through the experience, providing specific suggestions for mind, body, and spirit for each trimester (including the “fourth,” after birth), leading to birth preparation designed for each mother and baby, and culminating in strong mother-child bonding. She includes detailed and practical information about prenatal exercise and nutrition, birth preferences and birthing positions, breath work, breastfeeding, and much more.

Her advice allows mothers to welcome delight and curiosity into the journey while taking each phase with purpose and calm — and even a sense of fun. This comprehensive guide makes challenge and change joyful, allowing new life to be as incomparably wonder-filled as it is meant to be.
