the great and often  
misunderstood Prophet. Islam was  
born in a cradle of tribal

multiple gods. From the first

way of life formed and a religion was born. Muhammad didn't see himself as the son of God or as one who achieved cosmic enlightenment. His relatives and neighbors didn't part the way when he walked down the parched dirt streets of Mecca. There was no mark of divinity. Orphaned by age six, Muhammad grew up surrounded by dozens of cousins and extended family to become a trusted merchant. Muhammad saw himself as an ordinary man and that is why what happened to him is so extraordinary. Rooted in historical detail, Muhammad brings the Prophet to life

through the eyes of those around him. A Christian hermit mystic foretells a special destiny, a pugnacious Bedouin wet nurse raises him in the desert, and a religious rebel in Mecca secretly takes the young orphan under his spiritual wing. Each voice, each chapter brings Muhammad and the creation of Islam into a new light. The angel Gabriel demands Muhammad to recite, the first convert risks his life to protect his newfound faith, and Muhammad's life is not a myth but an incredible true and surprisingly unknown story of a man and a moment that sparked a worldwide

---

transformation.

Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers,

scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-

---

states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

We are faced in the modern world with a situation similar to that in the fable of the Emperor's new clothes. The extraordinary life of the man who founded Islam, and the world he inhabited—and remade. Lesley Hazleton's new book, *Agnostic: A Spirited Manifesto*, is out now from Riverhead Books. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, nonviolence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but

---

his lastingly relevant legacy. *Interview with the Vampire* St. Martin's Essentials Acclaimed worldwide as the definitive biography of the Prophet Muhammad in the English language, Martin Lings' *Muhammad: His Life Based to the Earliest Sources* is unlike any other. Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his

life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad's life and those coming to it for the first time. *Muhammad: His Life Based to the Earliest Sources* was given an award by the government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983. *Ancient Beliefs and Modern*

*Superstitions* Oxford University Press  
Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. In the Footsteps of the Prophet is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait

of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again --

---

an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.
