This is a workbook kids are sure to enjoy!!

[Multiplication Workbook - 101 Multiplication Timed Tests](#) Only1million Incorporated

The success of this multiplication math workbook stems from focused organization (see below). The answers to all of the exercises can be checked with a key at the back. The facts are introduced one at a time. Mixed practice begins with 0 thru 5 to help develop confidence. The next section pairs 4-9 with 0-5. A separate section is dedicated to 4-9 times 4-9. These are important facts with which most students tend to struggle. At this stage, students are ready for mixed exercises with 0-9. Since 0 and 1 are very easy, the following section mixes 2-9 only. The numbers 10-12 are introduced in stages. The book concludes with sections of 0-12 and 2-12.
