'I have spent almost 33 of the last 53 years in and out of prison, but mainly in. I was a juvenile offender back in the mid 1970s and went on to become an adult prisoner in the 1980s and beyond. My shortest prison sentence was 7 days (for criminal damage) and my longest sentence was life (for bank robbery and possession of firearms). I have 58 criminal convictions for everything from attempted theft to armed robbery and prison escape, and I was a career criminal for most of my life. What I do not know about criminal and prison slang could be written on the back of a postage stamp and still leave room for The Lord's Prayer ...' From ex-professional bank robber and bestselling author Noel Smith, this is the most authoritative dictionary of criminal slang out there - and an unmissable journey, through words, into the heart of the criminal world.

Searching for the Pattern Houghton Mifflin Harcourt
The Gospel According to Blindboy is a surreal and genre-defying collection of short stories and visual art exploring the myths, complacencies and contradictions at the heart of modern Ireland. Covering themes ranging from love and death to sex and politics, there's a story about a girl from Tipp being kicked out of ISIS, a van powered by Cork people's accents and a man who drags a fridge on his back through Limerick. Whip-smart, provocative and animated by the author's unmistakably dark wit, it is unlike anything else you will read this year. 'Mad, wild, hysterical, and all completely under the writer's control - this is a brilliant debut.' Kevin Barry 'There is genius in this book, warped genius. Like you'd expect from a man who for his day job wears a plastic bag on his head but something beyond that too. Oddly in keeping with the tradition of great Irish writers.' Russell Brand 'One of Ireland's finest and most intelligent comic minds delivers stories so blisteringly funny and sharp your fingers might bleed.' Tara Flynn 'Essential, funny and disturbing.' Danny Boyle

As one of the most prominent themes in Scripture, the covenant is crucial to all Christian theological systems, from dispensationalism

to covenant theology to theonomy to liberation theology. One would think that by now all controversies have been exhausted, but an issue of this magnitude can never finally be laid to rest. Because disagreements persist, there is room for yet another attempt to study the covenant and improve our understanding of it. This book proposes that the path toward an evangelical consensus is not to be found in building another modified systematic theology, but in a biblical theology approach. Grounded in this approach, John Walton's perspective is that while the covenant is characteristically redemptive, formulated along the lines of ancient treaties, and ultimately soteric, it is essentially revelatory. This view in turn has implications regarding the continuity or discontinuity of the covenant phases, the conditionality of the covenant, and our understanding of the people of God. And this ultimately affects the way the Old Testament is preached and taught. Walton's thesis is an important contribution to the discussion of the covenant and the attempts to find common ground among evangelicals of diverse theological traditions.

A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for *Good and Cheap* is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it "Terrific!"; and Michael Pollan, who cited it as a "cool kickstarter." In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, *Good and Cheap* is poised to become a cookbook that every food lover with a conscience will embrace.

It can no longer be assumed that most people--or even most Christians--have a basic understanding of the Bible. Many don't know the difference between the Old and New Testament, and even the more well-known biblical figures are often misunderstood. It is getting harder to talk about Jesus accurately and compellingly because listeners have no proper context with which to understand God's story of redemption. In this basic introduction to faith, D. A. Carson takes seekers, new Christians, and small groups through the big story of Scripture. He helps readers to know what they believe and why they believe it. The companion leader's guide helps evangelistic study groups, small groups, and Sunday school classes make the best use of this book in group settings.
