ANTHC)NY STORR

Anthony Storr does a very good job describing the various facets of the complex interplay between music and mind. He points to the biological bases of it, explores the philosophical debates around it and gives accounts of basic music theory. He is a good writer and manages to engage the reader's interest through most of the book.

[MUSIC AND THE MIND by Anthony Storr - Books on Google Play](#)

Music synchronizes the brain and has had a profound, and little-appreciated, influence on the shape of the mind and human cultures. This book it offers a sweeping vision of a vital, underappreciated force in our minds and culture.
