It ' s versatile, low maintenance and sounds great. You don ' t need to lug around an amp if you ' re just playing for a few friends and it provides enough volume to accompany vocals but not so much that it overshadows them. 9780028701615: Musician's Guide to Acoustics - AbeBooks ... users. Acoustic Treatment 101: The Ultimate Guide for Home Studios Acoustic treatment on the other hand, aims ONLY to control sound reflections WITHIN the room, to make better sounding recordings. BOTH of these are valuable, but NEITHER does the job of the other. And while soundproofing can definitely be incorporated

as part of your acoustic treatment plan, it ' s not technically acoustic treatment in itself.
