Such is the central premise behind Christopher Small's Musicking: The Meanings of Performing and Listening. As a verb, "to music" (or its gerund form, "musicking") would imply (according to Small's model) an activity closely bound to humans' self-definition as members of multiple - sometimes overlapping or conflicting - social groups. This type ...

Extending the inquiry of his early groundbreaking books, Christopher Small strikes at the heart of traditional studies of Western music by asserting that music is not a thing, but rather an activity. In this new book, Small outlines a theory of what he terms "musicking," a verb that encompasses all musical activity from composing to performing to listening to a Walkman to singing in the shower.
