The Brazilian built MWM Sprint diesels (2.8 inline 4 and the 4.2 inline 6) that GM and Ford use in their pickups outside the US market, what do you have to do to get one of them into the States? They are excellent diesels and get killer mpg (over 30 mpg in a Ford F250), inline pumps and freeflowing head.

### MWM International Motores - Wikipedia

On my F250 with an MWM 4.2L Sprint Motor, does the injection pump have a fuel shut-down solenoid? I guess the lift pump for the fuel is inside the injection pump? and just recently I came to a stop with the vehicle but it would not start again. The motor turns over quite freely with the starter motor.
