Autism & Food Issues - My
Fussy Eater | Easy Kids
Recipes

Like many four year old's, Finn is quite a picky eater but over the past year I have come to understand how autism plays a very big role in his food and feeding.

Obviously my experiences are with my child only and every child will be different.

But if by sharing my experience I can help one other family then I feel it will be worthwhile. 1.

How to Build a Strong Bond With Your Autistic Child

That's not because children with autism don't enjoy chase games or time with Mommy, but rather because they don't yet have the skills to envision what they want, put words to that vision, and communicate their desires. That means it's up to you, the parent, to initiate play. Rather than waiting to hear from your child, let your child hear from you.

30 Best Children's Books About the Autism Spectrum

The book uses several excellent examples of what Autism looks like, but my kids were confused I thought the author did a good job emphasizing that Autism is only PART of who a child is. I also thought the author provided a lot of good information for parents and caregivers in the back of the book.

Books on Autism Spectrum Disorder - Autism

Awareness Australia

Having three children on the autism spectrum, we have had our fair share of explaining autism to an autistic child. When our youngest daughter was diagnosed at age 8, we realized that we needed to explain things a little different to her than we would to our three-year-old or even to a sibling of an autistic child.. After a diagnosis, as parents and caregivers, you go through the motions of ...
