"A haunting tapestry of interwoven stories that inform us not just about our past but about the resentment-bred demons that are all too present in our society today . . . The interconnected strands of race and history give Ball's entrancing stories a Faulknerian resonance." —Walter Isaacson, The New York Times Book Review A 2020 NPR staff pick | One of The New York Times' thirteen books to watch for in August | One of The Washington Post's ten books to read in August | A Literary Hub best book of the summer | One of Kirkus Reviews' sixteen best books to read in August The life and times of a militant white supremacist, written by one of his offspring, National Book Award-winner Edward Ball Life of a Klansman tells the story of a warrior in the Ku Klux Klan, a carpenter in Louisiana who took up the cause of fanatical racism during the years after the Civil War. Edward Ball, a descendant of the Klansman, paints a portrait of his family's anti-black militant that is part history, part memoir rich in personal detail. Sifting through family lore about "our Klansman" as well as public and private records, Ball reconstructs the story of his great-great grandfather, Constant Lecorgne. A white French Creole, father of five, and working class ship carpenter, Lecorgne had a career in white terror of notable and bloody completeness: massacres, night riding, masked marches, street rampages—all part of a tireless effort that he and other Klansmen made to restore white power when it was threatened by the emancipation of four million enslaved African Americans. To offer a non-white view of the Ku-klux, Ball seeks out descendants of African Americans who were once victimized by "our Klansman" and his comrades, and shares their stories. For whites, to have a Klansman in the family tree is no rare thing: Demographic estimates suggest that fifty percent of whites in the United States have at least one ancestor who belonged to the Ku Klux Klan at some point in its history. That is, one-half of white Americans could write a Klan family memoir, if they wished. In an era when racist ideology and violence are again loose in the public square, Life of a Klansman offers a personal origin story of white supremacy. Ball's family memoir traces the vines that have grown from militant roots in the Old South into the bitter fruit of the present, when whiteness is again a cause that can veer into hate and domestic terror.

THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

Why are the teen years fraught with crisis for so many girls? Why do so many mother-daughter relationships deteriorate drastically at this time? When her own teenage daughter began to spiral out of control, therapist Cheryl Dellasega, Ph.D., launched a nationwide search to find answers—and hope. In this inspiring, compassionate book, Dellasega shares the strength and the wisdom of mothers who have seen their daughters through the tumult of adolescence. Drawing on the experiences of scores of mothers and daughters, Dellasega takes a hard look at the lives of girls in crisis—once happy, carefree children who are now struggling with eating disorders, unplanned pregnancies, substance abuse, and severe mental problems. These are stories of girls on the edge, and mothers who are trying everything to save them. Yet even in the most desperate situations, Dellasega hears the same clear message: the key to survival is the support and the understanding of others going through the same thing. Surviving Ophelia is a book that provides the community that mothers of troubled teenage girls need more than anything. Powerful and heartfelt, this book captures both the pain and the strength of mothers who are living with the daily challenge of raising teenage daughters today.

Winner of The Restless Books Prize for New Immigrant Writing “ Grace Talusan writes eloquently about the most unsayable things: the deep gravitational pull of family, the complexity of navigating identity as an immigrant, and the ways we move forward even as we carry our traumas with us. Equal parts compassion and confession, *The Body Papers* is a stunning work by a powerful new writer who—like the best memoirists—transcends the personal to speak on a universal level. ” —Celeste Ng, author of *Everything I Never Told You* and *Little Fires Everywhere* Born in the Philippines, young Grace Talusan moves with her family to a New England suburb in the 1970s. At school, she confronts racism as one of the few kids with a brown face. At home, the confusion is worse: her grandfather ’ s nightly visits to her room leave her hurt and terrified, and she learns to build a protective wall of silence that maps onto the larger silence practiced by her Catholic Filipino family. Talusan learns as a teenager that her family ’ s legal status in the country has always hung by a thread—for a time, they were “ illegal. ” Family, she ’ s told, must be put first. The abuse and trauma Talusan suffers as a child affects all her relationships, her mental health, and her relationship with her own body. Later, she learns that her family history is threaded with violence and abuse. And she discovers another devastating family thread: cancer. In her thirties, Talusan must decide whether to undergo preventive surgeries to remove her breasts and ovaries. Despite all this, she finds love, and success as a teacher. On a fellowship, Talusan and her husband return to the Philippines, where she revisits her family ’ s ancestral home and tries to reclaim a lost piece of herself. Not every family legacy is destructive. From her parents, Talusan has learned to tell stories in order to continue. The generosity of spirit and literary acuity of this debut memoir are a testament to her determination and resilience. In excavating such abuse and trauma, and supplementing her story with government documents, medical records, and family photos, Talusan gives voice to unspeakable experience, and shines a light of hope into the darkness.
