Baby's First Photo Album Univ of California Press

Lily has grown up believing she accidentally killed her mother when she was four. She not only has her own memory of holding the gun, but her father's account of the event. Now fourteen, she yearns for her mother, and for forgiveness. Living on a peach farm in South Carolina with her father, she has only one friend: Rosaleen, a black servant whose sharp exterior hides a tender heart. South Carolina in the sixties is a place where segregation is still considered a cause worth fighting for. When racial tension explodes one summer afternoon, and Rosaleen is arrested and beaten, Lily is compelled to act. Fugitives from justice and from Lily's harsh and unyielding father, they follow a trail left by the woman who died ten years before. Finding sanctuary in the home of three beekeeping sisters, Lily starts a journey as much about her understanding of the world, as about the mystery surrounding her mother.

The Benefits and uses of a Baby Photo Album for Twins Twin Pictures: When a family has twins things are often combined since there are two babies. One way to help the twins maintain their own sense of self is to have a few things that are just for them. A photo book is one good way to do this. When the twins are growing up it might be helpful to have three pictures albums. If you have three albums then you can have one album dedicated to each twin, and have one album with pictures of them together. This way when the twins grow up they will be able to see pictures that are just about them and not tied to the fact that they are a twin.

The Benefits and uses of a Baby Photo Album Your baby isn't going to be a baby for long. Capture all those precious moments and put them in a baby photo album as soon as you possibly can. What parent wants to forget that first toothy smile, that first bowl of rice cereal or that first step? Keep your camera handy for all those first moments, but don't let the pictures sit on your memory card forever. Print them out and put them in a photo album where you can flip through and remember at your leisure. We never imagine that we will forget what our baby looked like at different stages of development, but the truth is, it happens. Jog your memory and preserve your pictures forever by using a baby photo album.
