Turkish Metal journeys deep into the heart of the Turkish heavy metal scene, uncovering the emergence, evolution, and especially the social implications of this controversial musical genre in a Muslim society. The book applies an ethnographic approach in order to study social and cultural change in a Muslim society that is stricken with conflict over the, by turns, religious or secular nature of the state. Turkish Metal explores how Turkish metalheads, against all odds, manage to successfully claim public spaces of their own, thereby transforming the public face of the city. The book raises the question of how and why the young dare to rebel against the prevalent social and moral restrictions in Turkish society; and it examines whether they succeed in asserting their individual freedom in a society that is still well-known for sanctioning any kind of behaviour deviating from the norm. Above all, the book investigates the Turkish metal scene's potential for contesting Islamic concepts of morality, its relevance within the field of female emancipation, and its capacity to foster social relations that cut across national, religious and ethnic boundaries.

Al Atkins is the former lead singer and founder of the multi-million selling British metal band Judas Priest. But where and when did it all begin? During the sixties when the highly lauded Brum Beat era produced bands such as The Move, Atkins played in various semi-pro outfits. It was in 1969 that Atkins decided to have a go at forming yet another band with his childhood friend Bruno Stapenhill. The band in question was JUDAS PRIEST. Priest quickly built up a reputation in the Midlands as a powerful live act and even secured a record deal with Immediate, which was owned by ex-Rolling Stones manager Andrew Loog Oldham. Atkins even recorded the very first Judas Priest demo: "Good Time Woman" and "We'll Stay Together".

Unfortunately, Immediate folded and so did Priest. Undeterred, Atkins resurrected Priest with another line-up in 1970 with guitarist K K Downing and bassist Ian Hill. In '71 they made a 7" single acetate: "Holy is the Man" and "Mind Conception". Through the early seventies Priest supported many bands including Slade, Status Quo and Black Sabbath. A revolving line-up continued until May 1973 when Atkins finally decided to call it a day. His memoirs contain very rare archive photos and memorabilia from Judas Priest's past circa 1969-1973. Also included are interviews with various members of Priest's history. Atkins is the co-writer of several Priest songs which are included on the band's first two albums "Rocka Rolla" and "Sad Wings of Destiny" both of which eventually went Gold. Atkins co-penned the heavy metal classic "Victim of Changes". With a foreword by Judas Priest bassist Ian Hill, "Dawn of the Metal Gods" is not just a book for Judas Priest fans but a bible for all those wishing to form a band in the tumultuous world of heavy metal.

Few forms of music elicit such strong reactions as does heavy metal. Embraced by millions of fans, it has also attracted a chorus of critics, who have denounced it as a corrupter of youth—even blamed it for tragedies like the murders at Columbine. Deena Weinstein argues that these fears stem from a deep misunderstanding of the energetic, rebellious culture of metal, which she analyzes, explains, and defends. She interprets all aspects of the metal world—the music and its makers, its fans, its dress code, its lyrics—and in the process unravels the myths, misconceptions, and truths about an irreverent subculture that has endured and evolved for twenty years.

' Robert Irwin vividly and brilliantly blends the fictional life and all-too-real times of a film star of the Nazi era in this a narrative of diminishing options and the advance to death and destruction. Cultured, clever and funny at times, in a grim Charles Adams way, Robert Irwin's novel is engrossing and enveloping. From a dull Dutch childhood in Dordrecht and a waitressing job, sexy Sonja Heda, cigarette in hand, wangles her way on to the film sets of various independent production companies making the films of the Weimar and Nazi eras. From The Blue Angel, The Gypsy Baron, Jew Suss, Habanera and Munchausen she lands the starring role in the Nazi screwball comedy Bagdad Capers. Although German cinema became a key part of the Nazi war effort, the film industry continued to produce commercial films appealing to the varying film tastes of German filmgoers. Joseph Goebbels at the head of the Ministry of Propaganda propagated Nazi supremacist ideology and indoctrinate the population of Germany through film and radio, not unlike the way reality TV and social media are used today by populist politicians in the US and UK. Drooling fanatic, n. 1. One who drools in the presence of beloved rock stars. 2. Any of a genus of rock-and-roll wannabes/geeks who walk around with songs constantly ringing in their ears, own more than 3,000 albums, and fall in love with at least one record per week. With a life that's spanned the phonographic era and the digital age, Steve Almond lives to Rawk. Like you, he's secretly longed to live the life of a rock star, complete with insane talent, famous friends, and hotel rooms to be trashed. Also like you, he's content (sort of) to live the life of a rabid fan, one who has converted his unrequited desires into a (sort of) noble obsession. *Rock and Roll Will Save Your Life* traces Almond's passion from his earliest (and most wretched) rock criticism to his eventual discovery of a music-crazed soul mate and their subsequent production of two little superfans. Along the way, Almond reflects on the delusional power of songs, the awkward mating habits of drooling fanatics, and why Depression Songs actually make us feel so much better. The book also includes: • sometimes drunken interviews with America's finest songwriters • a recap of the author's terrifying visit to Graceland while stoned • a vigorous and credibility-shattering endorsement of Styx's Paradise Theater • recommendations you will often choose to ignore • a reluctant exegesis of the Toto song "Africa" • obnoxious lists sure to piss off rock critics But wait, there's more. Readers will also be able to listen to a special free mix designed by the author, available online at www.stevenalmond.com, for the express purpose of eliciting your drool. Inside the Phenomenon of Christian Rock Da Capo Press

In *The Soundtrack of My Life*, music legend Clive Davis recounts an extraordinary five-decade career in the music business, while also telling a remarkable personal story of triumphs, disappointments, and encounters with some of the greatest musical artists of our time, including Bob Dylan, Janis Joplin, Simon & Garfunkel, Barry Manilow, the Grateful Dead, Patti Smith, Whitney Houston, Carlos Santana, Dionne Warwick, Aretha Franklin, and Alicia

Keys. Orphaned in his teens, Davis earned a full scholarship to New York University and another to Harvard Law School. He served as General Counsel of Columbia Records and, in a totally unexpected stroke of fate, became head of the company overnight. More surprisingly, he learned he had “ears,” a rare ability to spot special talent and hit records. Those ears contributed to the success of three companies—Columbia, Arista, and J—where Davis discovered and developed more unique artists than anyone in the history of the music industry. What began on the grass at the Monterey Pop Festival with the signing of Janis Joplin has evolved into a lifelong passion and calling, spanning genres, including rock, pop, R&B, country, jazz fusion, and hip-hop. His is the imprimatur that has helped shape contemporary music and, over the years, our popular culture. *The Soundtrack of My Life* is an essential book for anyone interested in the story of popular music, the fascinating ups and downs of the music business, the alchemy of hits, and the dramatic life of a brilliant leader...and listener. It is a riveting read from beginning to end.
