The year is 1983, and Chuck Klosterman just wants to rock. But he's got problems. For one, he's in the fifth grade. For another, he lives in rural North Dakota. Worst of all, his parents aren't exactly down with the long hairstyle which rocking requires. Luckily, his brother saves the day when he brings home a bit of manna from metal heaven, SHOUT AT THE DEVIL, Motley Crue's seminal paean to hair-band excess. And so Klosterman's twisted odyssey begins, a journey spent worshipping at the heavy metal altar of Poison, Lita Ford and Guns N' Roses. In the hilarious, young-man-growing-up-with-a-soundtrack-tradition, FARGO ROCK CITY chronicles Klosterman's formative years through the lens of heavy metal, the irony-deficient genre that, for better or worse, dominated the pop charts throughout the 1980s. For readers of Dave Eggers, Lester Bangs, and Nick Hornby, Klosterman delivers all the goods: from his first dance (with a girl) and his eye-opening trip to Mandan with the debate team; to his list of 'essential' albums; and his thoughtful analysis of the similarities between Guns 'n' Roses' 'Lies' and the gospels of the New Testament.

'Robert Irwin vividly and brilliantly blends the fictional life and all-too-real times of a film star of the Nazi era in this a narrative of diminishing options and the advance to death and destruction. Cultured, clever and funny at times, in a grim Charles Adams way, Robert Irwin's novel is engrossing and enveloping. From a dull Dutch childhood in Dordrecht and a waitressing job, sexy Sonja Heda, cigarette in hand, wangles her way on to the film sets of various independent production companies making the films of the Weimar and Nazi eras. From The Blue Angel, The Gypsy Baron, Jew Suss, Habanera and Munchausen she lands the starring role in the Nazi screwball comedy Bagdad Capers. Although German cinema became a key part of the Nazi war effort, the film industry continued to produce commercial films appealing to the varying film tastes of German filmgoers. Joseph Goebbels at the head of the Ministry of Propaganda propagated Nazi supremacist ideology and indoctrinate the population of Germany through film and radio, not unlike the way reality TV and social media are used today by populist politicians in the US and UK.' Al Atkins is the former lead singer and founder of the multi-million selling British metal band Judas Priest. But where and when did it all begin? During the sixties when the highly lauded Brum Beat era produced bands such as The Move, Atkins played in various semi-pro outfits. It was in 1969 that Atkins decided to have a go at forming yet another band with his childhood friend Bruno Stapenhill. The band in question was JUDAS PRIEST. Priest quickly built up a reputation in the Midlands as a powerful live act and even secured a record deal with Immediate, which was owned by ex-Rolling Stones manager Andrew Loog Oldham. Atkins even recorded the very first Judas Priest demo: "Good Time Woman" and "We'll Stay Together". Unfortunately, Immediate folded and so did Priest. Undeterred, Atkins resurrected Priest with another

line-up in 1970 with guitarist K K Downing and bassist Ian Hill. In '71 they made a 7" single acetate: "Holy is the Man" and "Mind Conception". Through the early seventies Priest supported many bands including Slade, Status Quo and Black Sabbath. A revolving line-up continued until May 1973 when Atkins finally decided to call it a day. His memoirs contain very rare archive photos and memorabilia from Judas Priest's past circa 1969-1973. Also included are interviews with various members of Priest's history. Atkins is the co-writer of several Priest songs which are included on the band's first two albums "Rocka Rolla" and "Sad Wings of Destiny" both of which eventually went Gold. Atkins co-penned the heavy metal classic "Victim of Changes". With a foreword by Judas Priest bassist Ian Hill, "Dawn of the Metal Gods" is not just a book for Judas Priest fans but a bible for all those wishing to form a band in the tumultuous world of heavy metal.

In The Soundtrack of My Life, music legend Clive Davis recounts an extraordinary five-decade career in the music business, while also telling a remarkable personal story of triumphs, disappointments, and encounters with some of the greatest musical artists of our time, including Bob Dylan, Janis Joplin, Simon & Garfunkel, Barry Manilow, the Grateful Dead, Patti Smith, Whitney Houston, Carlos Santana, Dionne Warwick, Aretha Franklin, and Alicia Keys. Orphaned in his teens, Davis earned a full scholarship to New York University and another to Harvard Law School. He served as General Counsel of Columbia Records and, in a totally unexpected stroke of fate, became head of the company overnight. More surprisingly, he learned he had "ears," a rare ability to spot special talent and hit records. Those ears contributed to the success of three companies—Columbia, Arista, and J—where Davis discovered and developed more unique artists than anyone in the history of the music industry. What began on the grass at the Monterey Pop Festival with the signing of Janis Joplin has evolved into a lifelong passion and calling, spanning genres, including rock, pop, R&B, country, jazz fusion, and hip-hop. His is the imprimatur that has helped shape contemporary music and, over the years, our popular culture. The Soundtrack of My Life is an essential book for anyone interested in the story of popular music, the fascinating ups and downs of the music business, the alchemy of hits, and the

dramatic life of a brilliant leader...and listener. It is a riveting read from beginning to end.

The Washington Post hails Greil Marcus as our greatest cultural critic. Writing in the London Review of Books, D. D.

Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson. For nearly thirty years, he has written a remarkable column that has migrated from the Village Voice to Artforum, Salon, City Pages, Interview, and The Believer and currently appears in the Barnes & Noble Review. It has been a laboratory where Marcus has fearlessly explored and wittily dissected an enormous

variety of cultural artifacts, from songs to books to movies to advertisements, teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission. Published to complement the paperback edition of *The History of Rock & Roll in Ten Songs*, *Real Life Rock* reveals the critic in full: direct, erudite, funny, fierce, vivid, astute, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.
