This book is a
tribute to women
entrepreneurs
who have defied
the odds and built
a life and
business of their
dreams. It is an
initiative by the
Billennium Divas
whose mission is
to provide a
global platform to

support
enterprising
women to believe
in their dreams
and enable them
through learning
and mentoring.
We at Billennium
Divas firmly
believe that
“ Women do not
need
empowerment,
they are born

empowered; all they need is support and encouragement from the family and the society ” , and that is what our mission is - to nurture and encourage more women in entrepreneurship. The 25 Inspiring Stories in this book are written by the power women themselves based on the following guidelines: 1. Entrepreneur's brief background. 2. Why I became an entrepreneur? 3. What is the mission of my business? 4. My two great failures and two great successes. 5. What I learnt from my failures. 6. My advice to startups.

7. My advice to women entrepreneurs. They deep dive into their journey and capture the defining moments packed with emotion as well as finesse. Curated by Bhavesh Kothari and Hariharan Iyer, this book brings alive stories of women entrepreneurs in a manner, perhaps not captured before. The book thus is not just a good read, but also serve as a platform for aspiring women entrepreneurs, who through these pages will resonate with the two most powerful words in the world: ‘ I

BELIEVE ’ .

Part 2 presents the continuation of the maliciously agenda of Doctor Bates and will leave you in a trance of shock with its vigorous narrative. A moment ago, it

seemed, it was yesterday full of happiness. Tomorrow it is a matter of survival for Mary as her life is on the brink of insanity to her Knight in Shining Armor. Loving him was all she ever had. As she meets Drake again she becomes a slave in the madness of love. Before Mary notice the dangerous life, she gets deeply trapped in Drake 's dodgy mesh. It 's too late for her to escape. Fraud, lies, dominance, torment and the complexity of an abusive relationship evolve, and will

unexpectedly be a new part of Mary ' s life. Drake ' s sinister betrayal sneaks slowly in as he lures Mary like a ravenous wolf in sheep ' s clothing. Mary will experience love, hatred and deception; however, will she continue to be Drake ' s victim in his mystiques and hefty deceptions he gets during the nights? On the outside, it seems Drake is loving and has a high IQ, above normal. On the inside, he is a devious psychopath. The story will drastically

unfold to a complexity of a love drama, crime, fraud and Drake ' s delusions of grandeur. At a secluded area outside Hong Kong, the mafia attempt to kill Drake. We will follow the two sweethearts in how they try to escape from the difficulties with the Asian Mafia. With lightning speed, three creepy guys and the mafia boss run into the Hotel to search for Drake. Not only once, but several times the two lovebirds are on the run in the shadowy darkness of the night,

because Drake steal and frauds his business associates. Readers review on Part 1: • Very captivating from beginning to end. I look forward to the sequel. —Susanne • The book is a riveting tale by a writer who has all the gifts to pull it off. It is sharp clean writing that grabs you from the 1st page. The author has a knack for describing her characters with deep human insight. The book marks a dazzling debut for a first-time fiction author. Read the book, you will be glad you did it. —Inger • This

is an amazing story that keeps you wanting more. I can't wait for part 2! —Susie

Burning Desire Fades

FT Press

This historical resource details the researching, developing, and engineering of the United States Army weapons and munitions facility programs located in New Jersey that has prepared American troops for over a century to meet their challenges. This fascinating monograph, filled with photographs, explores the history of the Picatinny Arsenal, first built in 1880 to house gunpowder. This gunpowder was sent to American military troops in the Spanish-American

War, the Philippine Insurrection, and other major conflicts. In the 1920s and 1930s, the Arsenal influenced the development of artillery, tank rounds and other major weaponry. Picatinny was the main provider of ammunition for the U.S. military during WWII. The Arsenal continued to develop major weapons such as the bazooka rocket, the C-4 explosive, and the "Atomic Annie" artillery shell. Currently, there are more than 5,000 scientists, engineers and other staff at Picatinny Arsenal using advanced technology to create weapons, ammunition, and to design related products and storage components. Arjun, a talented programmer struggling to get a job because of his poor academics, finds that his father is deeply in debt for a long time. With hope — his love, Shreya, and support — his friend, Raj, he gets roped into underpaying, downright, unfair programming jobs, yet out of necessity, and soon incurs debts of his own. He wonders if he has a destiny? Often lonely and cheated, Arjun swallows a bitter pill and leaves his parents alone to make more money with a promise

to return. A 10-year-long journey of a man with his dreams who slowly discovers something else he is destined for after a near-death experience. Praise for the book: “ Learning about a boy who was so under-confident, who didn ’ t know how to speak English properly but honed his skills and became a millionaire is surely an inspirational read. I think a large part of the audience will be able to relate to it, be it students, young professionals or mid-senior level professionals. There is a bit for everyone. And, what I really loved about this book is it doesn ’ t preach you anything as such in the direct narrative instead there are so many underlying messages which are

enough to motivate you. ” — BooksAmaze
“ Arjun ’ s character is somebody that you grow fond of as a reader because Arjun is literally the humblest guy in the world, somebody who works really hard, somebody who is trying his best to deal with all the distress in his life. Still, life keeps throwing curve balls at him while he tries to dodge them. He keeps getting hit by them, but he doesn ’ t stop, and that makes his character extremely inspiring. This is the kind of book that gives out the message that good things are just around the corner and you just have to keep going. ” — Saumya ’ s Bookstation

Xlibris Corporation
Expanding into emerging markets brings with it a specific set of challenges for designing products and services. Not only do cultural differences play a role in what, how, and why customers behave the way they do, but existing technologies, distribution channels, and the wants and needs of consumers become additional challenges when establishing market shares in the developing world. Innovative Solutions: What Designers Need to

Know for Today's Emerging Markets describes the landscape of these new markets and discusses research and design methodologies tailored to them. Local designers and researchers offer insight directly from the depths of India, China, and other parts of the world. They take an in-depth look at user research methods in underserved communities, new tools such as ecosystems mapping to define the elements impacting innovation and design decisions,	and methodologies to develop solution spaces based on the output from user research studies. The book then presents real-life examples through case studies and interviews. The case studies draw not only from the authors ' work with clients such as HP Labs, Nokia, Haier, Philips, Intel, and A Piece of Pie, but also from user experience and the results of innovation research across the globe. The interviews include conversations with leaders in innovation such as Roopa	Purushothaman, Tapan Parikh, Ram Sehgal, Steve Portigal, Dmitry Volkov, and Darelle van Greunen. A fascinating perspective of the users and ecosystem in emerging nations, the book provides deeper insights on how a user-centered innovation and design approach has been applied in practical settings. Examining the challenges of innovating and designing for emerging markets, it incorporates research and practice to explore
---	---	--

new ways of uncovering the riches and opportunities in innovation and design for emerging markets.

"Contractor

Secrets Finally

Revealed To The

Public" For years

I've been

threatening

contractors to write

a book like this and

I finally did. Some

of the contractors

I've worked with in

the past, don't

want the

information in this

book to ever be

revealed.

Contractor secrets

like these are usually winners.

taken to the grave

and wouldn't ever

be revealed. These

secrets can provide

property owners

with valuable

negotiating tools

that contractor's

desperately don't

want you to have.

You can't negotiate

effectively, if you

don't understand

your opponent. In

this book you'll

learn how to

negotiate effectively

with contractors,

compare estimates

and find

contractors. This

book provides you

with plenty of tips

on how to sort

through the

professionals to

find the real

Contractor's

Personalities In

recent years,

human behavior

and psychology

have played an

important role in

construction job

sales. Contractors

like myself are

starting to study

and learn more

about different

personalities. Some

of this information

is priceless and if

you're looking for a

good contractor,

you need to

understand how to

communicate and

interact with them

effectively. Hiring

the wrong

contractor isn't just

going to cost you a

lot of money or

waste your time, it's going to create other problems that you might not be aware of. There's a section in this book that talks about conflicting personalities and how you can avoid dealing with them. If you're an arrogant person, there's a good chance that you're not going to get along with another arrogant person. If you're someone who can't make decisions and you're not interested in someone forcing you to make them, you'll need to avoid hiring an aggressive contractor.	Aggressive contractors can force their clients into accepting unnecessary change orders and creating a hostile working environment. In the book you'll find personalities that don't work well with other personalities and this by itself, could be worth 10 times the actual amount you're actually paying for this book. Crazy Is My Superpower Xlibris Corporation Cynthia Young's Algebra and Trigonometry, Fifth Edition allows students to take the guesswork out of	studying by providing them with an easy to read and clear roadmap: what to do, how to do it, and whether they did it right. With this revision, Cynthia Young revised the text with a focus on the most difficult topics in Trigonometry, with a goal to bring more clarity to those learning objectives. Algebra and Trigonometry, Fifth Edition is written in a voice that speaks to students and mirrors how instructors communicate in lecture. Young's hallmark pedagogy enables students to
--	---	---

become independent, successful learners. Key features like "Parallel Words and Math" and "Catch the Mistake" exercises are taken directly from classroom experience and keeps the learning fresh and motivating.

ONLINE PAYMENT SOLUTIONS CRC Press

How to pay off your mortgage in 6 to 8 years: Wealth habits of the rich that will save you thousands By Joe Correa Want to pay off your mortgage and be out of debt? This book has the solution. It's full of valuable ideas and examples that others have used to eliminate their

mortgage debt in just a few years. You will learn how to minimize expenses and plan your pay off strategy in an organized and practical manner. What do banks offer as a solution? Most banks only give you one option which is basically to send your payment every month for the next 30 years. Yes, you will have paid off your mortgage by then but there's a better way. A faster way and easier way that requires simply planning for what needs to be done. Do you have a 30 year mortgage? Do you have credit card debt? Do you make insurance and property tax payments? If you answered "yes" to any of these questions, you can seriously lower your mortgage debt and the time it takes you to pay it off. If you

answered "no," there's still other options that are explained in detail. Most books give you general ideas as to what you can do to eliminate your mortgage debt but this book shows you how it's done with real examples and solutions. You will see how payments amortize, how much interest goes towards payments, and how much interest you will pay over the life of the loan when presented with different solutions. Why is paying off your mortgage important? Having a 30 year mortgage can be a blessing and a headache at the same time. Most people finance their first home while in their 30's which means they will finish paying off their mortgage in their 60's if

not later. When you finally pay it off, you will have eliminated one of your largest monthly payments and you can now start saving a lot more than before. Guess what? You are around retirement age or coming close to it so what will happen to your income? For some, it will remain the same. For others, it will decrease slightly. And for many, it will disappear and you will have to live off your retirement savings for however long they last. Having less expenses sooner than later will equate to more savings for years to come and having less payments to make will reduce the financial burden when you have retired. Taking proactive steps towards paying off your mortgage sooner will change your life. It

will allow you to free up time to do what you really want to do and work less. Pay off your mortgage and start living the life you have always wanted! Go on vacation, spend time with loved ones, or start a new business. Long-range agricultural policy and program Lulu Press, Inc What ' s the secret to succeeding at sales? In Continuous Sales Improvement, master sales trainer Eric Lofholm reveals the simple but powerful strategy he ' s taught to tens of thousands of students that anyone can use to improve their sales performance. Eric ' s message is that those who are not good at sales can become good, and those who are already good can become great simply

by making small, continuous improvements in four key areas: self-improvement, sales skills, product and service knowledge, and technology. He gives readers a game plan for making improvements in each of these areas and provides hundreds of detailed strategies, practical exercises, and actionable instructions to use immediately to begin improving sales results. Each chapter includes a convenient at-a-glance summary, and there ' s a quick-review guide so that readers can easily use Continuous Sales Improvement as an ongoing reference. Continuous Sales Improvement includes case studies from legendary figures in the history of sales, plus interviews with some of today ' s top

performers. It also includes tips for selling in specific industries, including real estate, insurance, financial services, and network marketing. Those who are a salesperson, a sales trainer, or just a business owner who wants better sales results, Continuous Sales Improvement is a must-have.

Continuous Sales Improvement
Springer

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and

strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known martial arts figure in the world. Handbook of Technology in Financial Services Notion Press Offering an in-depth examination into sustainable energy sources, applications, technologies and policies, this book provides real-world examples of ways to achieve important sustainability goals. Themes include program assessment, energy

efficiency, renewables, clean energy and approaches to carbon reduction. Included are a compiled set of chapters discussing the various international strategies and policies being planned and implemented to reduce energy use, impact carbon emissions and shift towards alternative energy sources. Taking an international perspective, contributors from the U.S., Canada, Trinidad and Tobago, Peru, Hungary, Spain, Iran, Ukraine,

Jordan, the UAE, Nigeria, South Africa, India, China and Korea, offer their views of energy issues and provide detailed solutions. These can be broadly applied by engineers, scientists, energy managers, policy experts and decision makers to today's critical energy problems. McGraw-Hill/Irwin The action begins in Riyadh, Saudi Arabia, where thirty-something engineer Terry Wallingford has just lost his job, but doesn't want to give up the good life of an American expat worker in Saudi Arabia. When a distinguished Saudi fellow invites him to a

meeting in a smart downtown Riyadh hotel and offers him an unusual, but extremely lucrative, opportunity, he finds he can't refuse it. That's where Terry's adventure begins. Soon after accepting the stranger's offer, Terry Wallingford's life spins wildly out of control and events he never anticipated overtake him. What began as an interesting business opportunity ends up as a life and death struggle as Saudi federal police, along with several agencies of the U.S. government, step in to find out what's going on, who's behind it, and how to end it. Financial Tutorial: First Aid Solutions To Money Problems Greg Vanden

Berge Capture customers and sales with social media commerce Social media commerce is a booming industry. By using social networks in the context of e-commerce transactions, brands large and small are making their products more available and more convenient for customers. commerce and shows what you can accomplish. Helps you determine the sites where your business should have a presence. Demonstrates how customers can help promote your brand as they recommend products and services to others on their social networks. Author Marsha Collier is the undisputed expert on eBay and is recognized authority on social media marketing. Social Media Commerce For Dummies helps you offer

your customers better service while giving them the opportunity to share information about your product with their social media contacts. [My Scientology Story](#) Lulu Press, Inc Kasalobi was born in the Democratic Republic of Congo. A french speaking country. He became a teacher at Boboto college after graduating from IPN, the national school of pedagogy in Kinshasa. As streets photographer, he made enough money to put himself back in school at ISC, an accounting college. That diploma led him to find a night job at Kinshasa Ndolo airport, there he started taking flying

lessons with his boss' Cessna 150. The political situation in his native Congo obliged him to seek for asylum in the United States. That trip allowed him to accumulated flying hours at Acme school of Aeronautics at Meacham Field airport, in Fort Worth Texas. He later took his aviation ground school and his aviation technology at Mountain View College in Dallas Texas where he also studied correspondence, writing and reading. That helped him to become a reporter and DJ on the African Ambiance show at KNON radio, 89.3 FM. As one of the representatives of Congolese Community of Dallas and Fort Worth, Kasalobi co-wrote the community by-law

and created I' Africana, a Congolese driving school. He lives in Hurst Texas and loves to travel, reason why he graduated from Swift University, a Phoenix Arizona transportation company at Lancaster Texas. Including Mexico and Canada, he is a US 48 states Swift truck driver. Kasalobi is an active internet Congolese political analyst and a full time writer. How to Pay Off Your Mortgage in 6 to 8 Years Morgan James Publishing Wei Liem Ngs hobby used to be daydreaming. He dreamed about owning his own bookstore and including a library in his mansion one day. Most of all, Ng dreamed about writing a book. Sadly,

daydreaming had a bad reputation and Ng was left following a career path he did not desire. After Ng passed the extremely challenging exams to become an accountant, he details how he embarked on an arduous journey to look for work that included writing a rsum, interviewing, and finally accepting a boring job at a construction company. As Ng reluctantly immersed himself in the mind-numbing world of numbers crunching, financial statements, and audits, he began to reflect on whether he was destined for something better. With help from his close confidants, Yap and Ping, Ng reveals how he finally learned to see the humorous side of life and eventually summoned the

courage to chase his dreams. Chasing My Dream recounts the true story of a Malaysian accountant's quest for happiness as he broke free from his insecurities and the corporate world and began a new journey to pursue his passion.
