Want to make your computer faster? Has it slowed down? We show you how to make your computer faster with this easy to follow, step-by-step guide. Illustrated with full-color screen shots, we walk you through several procedures to speed up your computer. Even computer experts may not know some of these tricks! Our 30 years as heavy-duty, professional computer users and technicians have given us skills and tools that most casual computer users do not have. We'll show you how to speed up a slow Windows computer - even a computer you might think is useless! Windows computers run more slowly over time - this is a fact. Most people pay for costly repairs at their computer shop, yet their PCs soon slow down, again! Or, people even buy a new computer, thinking their old PC is too slow. With this simple guide, we aim to empower you with the tools and know-how to maintain your Windows computer in top, fast running condition, for a fraction of the cost and hassle of going to a computer shop, or a pricey technician. Table of
