1767, his diploma in Latin being dated "Nassau Hall on the day before the Callends of October, 1767," and signed by the Rev. William Tennent, pres.; Elihu Spinner, John Blair, John S. Brainerd, Johannes McQus, Richardus Treat, and Carolus Macknight. This diploma was, in 1875, in the hands of Dr. Otho Evans, of Franklin, Warren County, Ohio, whose mother was a granddaughter of the Rev. Wm. Schenck. After leaving college

he studied theology with the Rev. "William Tennent at Freehold, New Jersey, and was licensed by the Presbytery of New Brunswick in 1770. During this time he was intimately associated with the family of one of the old Scotch Presbyterians, Robert Cumming, whilom High Sheriff of Monmouth County, who lived at Matealapau, in the vicinity of the Tennents, and with whom he for a time lived while

prosecuting his theological studies, and whose daughter, Anna Cumming, he married on the 7th day of March, 1786. She was born at Monmouth, New Jersey, 3d May, 1750, and died at Franklin, Ohio, 23d June, 1838, "a mother of many children and as full of virtuous honors aB of years." Her grandmother was Catherine van Brugh, of New York city, who married first John Noble, an English gentleman, and married second, 23 August,

1738, the Rev. William Tennent, Jun. This fact may, to some extent, account for some of the movements of the Rev. Mr. Schenck, as, in 1777, he went to Bucks County, Pa., the seat of the famous "log college," founded by the Rev. "William Tennent, Sen. sometimes surprise you. In a suburban town in Southern England, Kitty's life is turned upside down by a mysterious letter from a brother she never knew she had. Meanwhile—and quite unexpected ly—she encounters the enigmatic and brooding Yani Belushi, a pianist who is carrying his own dark and sorrowful secret born out of a fractured childhood in former communist Albania. An

inherited 'cello becomes the unlikely accomplice as their two worlds of music and adoption collide, each seeking resolution and discovery - with mesmerising results. Loosely inspired by real events, The Grace Note is about small things and big things: and which is which. It's a tale of loss and redemption, an honest search for faith in the divine, and the realisation that - when all is said and done - life's every day and

seemingly tiny serendipitous moments can evolve into something underserved yet truly magnificent.’ “I am delighted to recommend The Grace Note. Jaqi has cleverly crafted a beautiful and moving story, which will linger with you long afterwards. A real blessing!”

This book discusses the design and practice of environmental resources management for smart cities. Presenting numerous city case studies, it focuses on one specific environmental resource in each city. Environmental resources are commonly owned properties that require active inputs from the government and the people, and in any

smart city their management calls for a synchronous combination of e-democracy, e-governance and IOT (Internet of Things) systems in a 24/7 framework. Smart environmental resources management uses information and communication technologies, the Internet of Things, internet of governance (e-governance) and internet of people (e-democracy) along with conventional resource management tools to achieve coordinated, effective and efficient management,

development, and
conservation that
equitably improves
