The corrosion of carbon steels in amine units used for gas

treatment in refining operations is a major problem for the petrochemical industry. Maximising amine unit reliability, together with improving throughput, circulation and treatment capacity, requires more effective ways of measuring and predicting corrosion rates. However, there has been a lack of data on corrosion. This valuable report helps to remedy this lack of information by summarising findings from over 30 plants. It covers such amine types as methyl diethanolamine (MDEA), diethanolamine (DEA), monoethanolamine (MEA) and di-isopropanolamine (DIPA), and makes recommendations on materials and process parameters to maximise amine unit efficiency and reliability. A Practical Guide for Engineers Elsevier

The fully updated second edition of Foundations of Nursing gives you all the information you need to successfully complete your nursing curriculum. This single volume includes comprehensive, fundamental content in basic nursing, adult health nursing, and maternal and pediatric nursing.

Introductory content covers such topics as the health care system, communication, nursing processes, and client teaching.

Current topics such as HIPAA, West Nile Virus, SARS, and bioterrorism are also discussed. The adult health nursing section is written following the Nursing Process format. The clinical chapters have been revised to include Nursing Management sections for each disorder, emphasizing the nurse's role in providing competent client care. Nursing Outcomes Classification (NOC) and Nursing Interventions Classification (NIC) have been identified in each Nursing Care Plan. A Case Study included in each chapter uses critical thinking questions to assist the user through the nursing process and to develop a customized plan of care for the client in the scenario. The maternal and pediatric section covers topics such as prenatal care, complications of pregnancy, birth, postpartum care, and newborn care. Childrearing is covered from birth through 18 years of age.

Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.
