Raine is Norah's opposite, a wild child/performance artist/follow-your-bliss hippie chick who ran off to California. The only thing the two have in common is their ability to drive Courtney, their youngest sister, crazy. When her longtime boyfriend proposes, Courtney decides it's finally time to call a truce and bring the three sisters together. After all, they're grown-ups now, right? But it turns out that family ghosts aren't easily defeated--and neither are first loves. "On the surface, naming is simply a way to classify people and their environments. The premise of this study is that it is much more -- a form of social control, a political activity, a key to identity maintenance and transformation. Governments legislate and regulate naming; people fight to take, keep, or change their names. A name change can indicate subjugation or liberation, depending on the circumstances. But it always signifies a change in power relations. Since the late 1970s, the author has looked at naming and renaming, cross-culturally and internationally, with particular attention to the effects of colonisation and liberation. The experience of Inuit in Canada is an example of both. Colonisation is only part of the Nunavut experience. Contrary to the dire predictions of cultural genocide theorists, Inuit culture-- particularly traditional naming -- has remained extremely strong, and is in the midst of a renaissance. Here is a ground-breaking study by the founder of the discipline of political onomastics."--Pub. website.

Why does talk in families so often go in circles, leaving us tied up in knots? In this illuminating book, Deborah Tannen, the linguist and bestselling author of *You Just Don't Understand* and many other books, reveals why talking to family members is so often painful and problematic even when we're all adults. Searching for signs of acceptance and belonging, we find signs of

disapproval and rejection. Why do the seeds of family love so often yield a harvest of criticism and judgment? In *I Only Say This Because I Love You*, Tannen shows how important it is, in family talk, to learn to separate word meanings, or messages, from heart meanings, or metamessages—unstated but powerful meanings that come from the history of our relationships and the way things are said. Presenting real conversations from people's lives, Tannen reveals what is actually going on in family talk, including how family conversations must balance the longing for connection with the desire for control, as we struggle to be close without giving up our freedom. This eye-opening book explains why grown women so often feel criticized by their mothers; and why mothers feel they can't open their mouths around their grown daughters; why growing up male or female, or as an older or younger sibling, results in different experiences of family that persist throughout our lives; and much, much more. By helping us to understand and redefine family talk, Tannen provides the tools to improve relationships with family members of every age.

This is a series about two twin sisters named Neena and Nora. They live in a magical forest known as Spring Meadow. The sisters are good and kind, but an evil wizard named Topaz wants to get rid of them. He and his mean fat cat, Grizzell, do not like the sisters. Throughout the series, the reader will meet many other characters. For example, June is a character introduced in book four. Readers will want to buy this book because some of the characters are unlike those in traditional children's stories. Milkwhite, for instance, is not a character you would find in stories such as *Sleeping Beauty* or *Winnie the Pooh*. She is a very flirtatious character who uses charm and persuasion to try to turn evil wizards into good ones.

A Word for My Sisters, Empowered for Change is my personal journey to a positive self-image, a search for acceptance within a society that gives false images of reality which can keep the best of

us down. My life was filled with self-hatred and devastation for many years. I was on a road to total freedom and I am compelled to share my experiences with other women who just might be going through the same things. I have written this book to encourage my Sisters to celebrate who they are, where they are and where they are about to go. Life is a journey filled with mountain highs and valley lows. It is a wonderful thing to experience the mountaintop, but the valley is where we grow. My prayer is that the Holy spirit will reveal to you truths concerning you and take you to the place predestined for you. My Sisters, God says that you are "Blessed and highly favored". It is left up to you to walk in those blessings. Peace and love to you all. Louise
