[Economic Origins of
Dictatorship and Democracy](#)

Springer

As the characters go through
their daily journeys, each
one finds themselves often

pondering the question:
Where do we go from here?
Some will realize the answer
to that question, while others
will be left to figure out
which way to turn next.
Interwoven in this novel are
issues and lessons related to
friendship, love, death,
family secrets, betrayal,
heartbreak and pure bliss. Set
in the suburbs of Maryland
and the Washington
Metropolitan area, you'll
take a ride through the
characters' lives that will
touch your heart and leave
you wanting more.

Clisson and Eugénie
Penguin
Based on the true
history of the
uncrowned kings of
Sicily: the story of a
family, restless and
ambitious, shrewd and
determined to be
richer and more
powerful than anybody
else. In this grand,
sweeping epic inspired
by the real lives of
history-making titans,
international best-
selling author
Stefania Auci brings
to life the dark
secrets, the loves and
betrayals, and the

cruel acts of revenge
that marked the Florio
family's century of
influence. The Florios
arrive in Sicily, with
nothing but the clothes
on their back after an
earthquake destroys
their hometown. Against
all odds, the family
begins anew despite the
looming Napoleonic wars
and devastating
plagues. But when
Vincenzo is spurned by
his aristocratic lover,
he vows to avenge his
honor by becoming the
wealthiest man in
Italy. Sacrificing love
and family, he strives

to buy what cannot be his by birth. Not to be outdone by the men, Florio women unapologetically demand their place outside the restraints of caring mothers, alluring lovers, or wounded wives. Giulia, though only a mistress, is fiercely intelligent and runs the empire from the shadows. Angelina, born a bastard, charts her own future against the wishes of her father. In this epic yet intimate tale of power, passion, and revenge,

the rise and fall of a family taps into the universal desire to become more than who we are born as. Translated from the Italian by Katherine Gregor

The History of Napoleon III., Emperor of the French Pantheon

A history of Europe since Napoleon, covering all of the main topics of that period.

Amusing Ourselves to Death
Gallic Books

Napoleon by Andre Castelot
Where Do We Go from Here?
UNESCO Publishing

Spearhead of Logistics is a narrative branch history of the U.S. Army's Transportation Corps, first published in 1994 for transportation personnel and reprinted in 2001 for the larger Army community. The Quartermaster Department coordinated transportation support for the Army until World War I revealed the need for a dedicated corps of specialists. The newly established Transportation Corps, however, lasted for only a few years. Its significant utility for coordinating military transportation became again transparent during World War II, and it was resurrected in mid-1942 to meet the unparalleled logistical demands of fighting in distant theaters. Finally becoming a

permanent branch in 1950, the Transportation Corps continued to demonstrate its capability of rapidly supporting U.S. Army operations in global theaters over the next fifty years. With useful lessons of high-quality support that validate the necessity of adequate transportation in a viable national defense posture, it is an important resource for those now involved in military transportation and movement for ongoing expeditionary operations. This text should be useful to both officers and noncommissioned officers who can take examples from the past and apply the successful principles to future operations, thus ensuring a continuing legacy of Transportation excellence within Army operations.

Additionally, military science students and military historians may be interested in this volume. *History of the Consulate and the Empire of France Under Napoleon* JHU Press

This book develops a framework for analyzing the creation and consolidation of democracy. Different social groups prefer different political institutions because of the way they allocate political power and resources. Thus democracy is preferred by the majority of citizens, but opposed by elites. Dictatorship nevertheless is not stable when citizens can threaten social disorder and revolution. In response, when the costs of repression are sufficiently high and promises of concessions

are not credible, elites may be forced to create democracy. By democratizing, elites credibly transfer political power to the citizens, ensuring social stability. Democracy consolidates when elites do not have strong incentive to overthrow it. These processes depend on (1) the strength of civil society, (2) the structure of political institutions, (3) the nature of political and economic crises, (4) the level of economic inequality, (5) the structure of the economy, and (6) the form and extent of globalization.

Against a backdrop of seven hundred years of bourgeois struggle, eminent lawyer and

educator, Michael E. Tigar, develops a Marxist theory of law and jurisprudence based upon the Western experience. This well-researched and documented study traces the role of law and lawyers in the European bourgeoisies's conquest of power and in the process complements the analyses of such major figures as R.H. tawney and Max Weber. Using a wide frange of primary sources, Tigar demonstrates that the legal theory of insurgent bourgeoisie predated the Protestant Reformation and was a major ideological ingredient of the bourgeois revolution.

The Sailor's Word-book Penguin
What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read Amusing Ourselves to Death, but his ascent would not have surprised Postman." -CNN
Originally published in 1985, Neil Postman ' s groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic

media—from the Internet to cell phones to DVDs—it has taken on even greater significance. Amusing Ourselves to Death is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. “ A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one. ” – Jonathan Yardley, The Washington Post
Book World
A short history of the Great War McDougal
Littell/Houghton Mifflin

Over the concluding decades of the twentieth century, the historic preservation community increasingly turned its attention to modern buildings, including bungalows from the 1930s, gas stations and diners from the 1940s, and office buildings and architectural homes from the 1950s. Conservation efforts, however, were often hampered by a lack of technical information about the products used in these structures, and to fill this gap *Twentieth-Century Building Materials* was developed by

the U.S. Department of the Interior's National Park Service and first published in 1995. Now, this invaluable guide is being reissued—with a new preface by the book's original editor. With more than 250 illustrations, including a full-color photographic essay, the volume remains an indispensable reference on the history and conservation of modern building materials. Thirty-seven essays written by leading experts offer insights into the history, manufacturing processes, and

uses of a wide range of materials, including glass block, aluminum, plywood, linoleum, and gypsum board. Readers will also learn about how these materials perform over time and discover valuable conservation and repair techniques. Bibliographies and sources for further research complete the volume. The book is intended for a wide range of conservation professionals including architects, engineers, conservators, and material scientists engaged in the conservation of modern

buildings, as well as scholars in related disciplines.

The Book of Buried Treasure Getty Publications

Andre Castelot was a French writer born in Belgium who wrote 65 biographies of famous persons in the History of France. He is perhaps best known for his biography of Josephine. His biography of Napoleon emphasizes not only his military campaigns, but his many love affairs and his many mistresses. It shows how his tumultuous relationship with Josephine influenced and affected his Napoleonic Code. It was because of Josephine's fickleness and unfaithfulness to Napoleon that Napoleon decreed that all women upon leaving their father's

houses and entering into matrimony must understand that henceforth they are to be under the control of their husbands. Women cannot be trusted to be free, said Napoleon. Yet, Napoleon was easily influenced by women. On page 299 is recounted an incident where his Governor of Berlin had committed an act of treason, and had been arrested and faced death. Then, the man's wife, who was expecting a child, came and threw herself at the feet of Napoleon, begging forgiveness. With that, Napoleon ordered the man's release, something that Napoleon did not often do. Throughout this book, there are discussions of Napoleon's relationships with women, including his fears that he could not

father a child or that a child who had been born was not really his."

NATIONAL BOOK CRITICS CIRCLE AWARD AN AMERICAN BOOK AWARD FINALIST Now in paperback, War Without Mercy has been hailed by The New York Times as "one of the most original and important books to be written about the war between Japan and the United States." In this monumental history, Professor John Dower reveals a hidden, explosive dimension of the Pacific War—race—while writing what John Toland has called "a landmark book . . . a

powerful, moving, and evenhanded history that is sorely needed in both America and Japan. ” Drawing on American and Japanese songs, slogans, cartoons, propaganda films, secret reports, and a wealth of other documents of the time, Dower opens up a whole new way of looking at that bitter struggle of four and a half decades ago and its ramifications in our lives today. As Edwin O. Reischauer, former ambassador to Japan, has pointed out, this book offers “ a lesson that the postwar

generations need most . . . with eloquence, crushing detail, and power. ”

Legacies of slavery

HarperCollins

A riveting account of the dictator ’ s final years, when he got the war he wanted but led his nation, the world, and himself to catastrophe—from the author of Hitler: Ascent “ Skillfully

conceived and utterly engrossing. ” —The New York Times Book Review In the summer of 1939, Hitler was at the zenith of his power. Having consolidated political control in Germany, he was at the helm of a newly restored major world power, and now perfectly positioned to realize his lifelong ambition: to help the German people flourish and to exterminate those who stood in the way. Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes, including the mass genocide of millions, which was conducted not only with the aid

of the SS, but with the full knowledge of German leadership. Yet despite a series of stunning initial triumphs, Hitler ’ s fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies. Now, Volker Ullrich, author of *Hitler: Ascent 1889 – 1939*, offers fascinating new insight into Hitler ’ s character and personality. He vividly portrays the insecurity, obsession with minutiae, and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures. When he ultimately realized the

war was not winnable, Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory. A masterful and riveting account of a spectacular downfall, Ullrich ’ s rendering of Hitler ’ s final years is an essential addition to our understanding of the dictator and the course of the Second World War.

À Bonaparte. [A satire in verse. By - de Coetloury.] NYU Press

A deluxe hardcover edition of the queen of science fiction ’ s trailblazing novel about a planet full of genderless beings—part of Penguin Galaxy, a collectible series

of six sci-fi/fantasy classics, featuring a series introduction by Neil Gaiman Winner of the AIGA + Design Observer 50 Books | 50 Covers competition A groundbreaking work of science fiction, *The Left Hand of Darkness* tells the story of a lone human emissary 's mission to Winter, an unknown alien world whose inhabitants can choose—and change—their gender. to-date translations by award-winning translators.
Law and the Rise of Capitalism
HarperCollins
Broers repositions the context in which the Napoleonic empire can be studied, and reconfigures the political and historical geography of Italy, in the century before its Unification in 1859. The Napoleonic Empire in Italy marks a fresh departure in the study of both modern Italy and Napoleonic Europe, based on primary sources. Spearhead of Logistics Penguin Books, Limited (UK)
Finally, Grieve focuses on the misogynistic elements of the story and asks why the fall of Spain is figured as a cautionary

tale about a woman's sexuality.
The Eve of Spain Cambridge University Press
The Prague Cemetery is the #1 international bestseller from the award-winning and New York Times best-selling author of The Name of the Rose, Umberto Eco. “Vintage Eco...the book is a triumph.” —New York Review of Books
Nineteenth-century Europe—from Turin to Prague to Paris—abounds with the ghastly and the mysterious. Jesuits plot against Freemasons. Italian republicans strangle priests with their own intestines. French criminals plan bombings by day and celebrate Black

Masses at night. Every nation has its own secret service, perpetrating forgeries, plots, and massacres. Conspiracies rule history. From the unification of Italy to the Paris Commune to the Dreyfus Affair to The Protocols of the Elders of Zion, Europe is in tumult and everyone needs a scapegoat. But what if behind all of these conspiracies, both real and imagined, lay one lone man?
“Choreographed by a truth that is itself so strange a novelist need hardly expand on it to produce a wondrous tale...Eco is to be applauded for bringing this stranger-than-fiction truth

vividly to life. ” —New York Times
The history of the consulate and empire of Napoleon, tr. from the Paris ed Cambridge University Press
Between the outbreak of war with Austria in 1792 and Napoleon's final debacle in 1814, France remained almost continuously at war, recruiting in the process some two to three million frenchmen--a level of recruitment unknown to previous generations and widely resented as an attack on the liberties of rural communities. Forrest

challenges the notion of a nation heroically rushing to arms by examining the massive rates of desertion and avoidance of service as well as their consequences on French society--on military campaigns and the morale of armies, on political opinion at home, on the social fabric of local villages, and on the Napoleonic dream of bringing about a coherent and centralized state.
As Time Goes By Library of Alexandria
The Book of Buried Treasure is a historical account of pirates

and piracy, containing true stories of some of the most notorious buccaneers, their heists and robberies and the pirate gold that is lost forever.
