Masanobu Fukuoka - Wikipedia

What is Natural Farming. Popularly known as "do nothing" farming, natural farming (???? / shizen n?h?, in Japanese) is an environmentally sustainable way of growing food, founded not in technique, but in the principle that an equitable relationship between farmer and nature should form the foundation of the farmer's actions. i

Natural Ways Farm - Welcome

Natural farming goes beyond simply casting seeds or picking fruits to acknowledge our union with Nature and the very abundance which created us. Fortunately, home gardeners

are among those most likely to discover the virtue of natural farming.

About Us. Ray and Helen Juhl of Middle River, Minnesota, founded Natural Way Mills in 1973. They fulfilled their dream of providing an alternative to the 20th century diet of additive-laden, processed foods. Natural Way Mills currently processes and markets ORGANIC, NON-GMO whole grains, flours, and cereals. They also do specialty milling.
