Go to Author Instructions here. Locate your chosen journal from the journal index and click on the journal title. On the journal homepage you will find information on how to submit by selecting 'Instruction to authors' from the menu on the right-hand side of the page.

Formatting | Authors | Springer Nature

Phase 1: The article published is evaluated by the editor-in-chief to see if the paper meets the basic criteria of the journal, including: the harmony between the nature of the paper and the Aims and Scope of the Journal; if it has the structure of an article; its length, correct use of APA style and if there is a satisfactory bibliography (over 25 sources).

Instructions for Authors - Springer

Provide up to the first six authors and then follow by et al, then the last author if this person is the senior author for the paper. Issue/part numbers are not required. Do not include citations to conference abstracts or unpublished work to support substantive claims but do use them if needed to give credit where appropriate.

On the right-hand side of the journal's home page (for most journals) you will find these links: "Submission guidelines": This will allow you to read the submission guidelines for the specific journal and to upload your manuscript files.
