A lively exploration of the joys of a not-so-dead language From the acclaimed novelist and Oxford professor Nicola Gardini, a personal and passionate look at the Latin language: its history, its authors, its essential role in education, and its enduring impact on modern life—whether we call it “dead” or not. What use is Latin? It's a question we're often asked by those who see the language of Cicero as no more than a cumbersome heap of ruins, something to remove from the curriculum. In this sustained meditation, Gardini gives us his sincere and brilliant reply: Latin is, quite simply, the means of expression that made us—and continues to make us—who we are. In Latin, the rigorous and inventive thinker Lucretius examined the nature of our world; the poet Propertius told of love and emotion in a dizzying variety of registers; Caesar affirmed man's capacity to shape reality through reason; Virgil composed the Aeneid, without which we'd see all of Western history in a different light. In Long Live Latin, Gardini shares his deep love for the language—enriched by his tireless intellectual curiosity—and warmly encourages us to engage with a civilization that has never ceased to exist, because it's here with us now, whether we know it or not. Thanks to his careful guidance, even without a single lick of Latin grammar readers can discover how this language is still capable of restoring our sense of identity, with a power that only useless things can miraculously express.

This book presents a series of perspectives on the therapeutic potential of the ritual and clinical use of the Amazonian hallucinogenic brew ayahuasca in the treatment and management of various diseases and ailments, especially its role in psychological well-being and substance dependence. Biomedical and anthropological data on the use of ayahuasca for treating depression, PTSD, and substance dependence in different settings, such as indigenous contexts, neo-shamanic rituals, contemporary therapeutic circles, and in ayahuasca religions, in both South and North America, are presented and critiqued. Though multiple anecdotal reports on the therapeutic use of ayahuasca exist, there has been no systematic and dense reflection on the topic thus far. The book brings the therapeutic use of ayahuasca to a new level of public examination and academic debate. The texts in this volume stimulate discussion on methodological, ethical, and political aspects of research and will enhance the development of this emergent field of studies.

How international relations theory can be applied to a zombie invasion What would happen to international politics if the dead rose from the grave and started to eat the living? Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, *Theories of International Politics and Zombies* predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid—or how rotten—such scenarios might be. With worldwide calamity feeling ever closer, this new apocalyptic edition includes updates throughout as well as a new chapter on postcolonial perspectives.

*You, Me and the World 1, Student Book* Cambridge University Press

God has given us a specific, compelling reason for each of the four seasons of relationships: singleness, dating, engagement, and marriage. This book unlocks each season's God-given purpose and shows you how to thrive within it. In a society where everyone is supposedly more connected, why do people feel so lonely? Even as marriage rates decline, recent studies find the overwhelming majority of single adults still hope to get married. But how can we navigate life and love in this disconnected culture? Has social media eroded the institutions that brought us together—and the deeper emotional intimacy they provided? Pastor and bestselling author Ben Stuart will help you navigate through the four stages of a relational life and show you how to look at the truths and intentions God has established for each. As you embark on this journey, you will discover how to: Use singleness to make an impact for the kingdom of God Pursue dating with clarity and purity Use the season of engagement wisely to prepare for marriage Maximize your life as a married couple for shared ministry Continually seek God and His will throughout each stage Discover how to embrace God's design, invest your life in what matters most, and find meaning in whatever season of life you're in.
