Suicide in Schools provides school-based professionals with practical, easy-to-use guidance on developing and implementing effective suicide prevention, assessment, intervention and postvention strategies. Utilizing a multi-level systems approach, this book includes step-by-step guidelines for developing crisis teams and prevention programs, assessing and intervening with suicidal youth, and working with families and community organizations during and after a suicidal crisis. The authors include detailed case examples, innovative approaches for professional practice, usable handouts, and internet resources on the best practice approaches to effectively work with youth who are experiencing a suicidal crisis as well as those students, families, school staff, and community members who have suffered the loss of a loved one to suicide. Readers will come away from this book with clear, step-by-step guidelines on how to work proactively with school personnel and community professionals, think about suicide prevention from a three-tiered systems approach, how to identify those who might be at risk, and how to support survivors after a traumatic event--all in a practical, user-friendly format geared especially for the needs of school-based professionals.

This was one monster of an itch... When Alex and his cousin Sarah are visiting their grandparents, Alex gets terrible red, itchy hives. Yikes! He's allergic to a ghost! Even worse, the ghost won't leave him alone -- he wants Alex and Sarah's help. Can they solve the ghost's mystery and get rid of Alex's awful rash before it ruins everything?

*Tales From the Loop* Routledge

Sharing our stories, who we are, what we love, how we feel, why we fear, connects us to one another. Weaving moments of grace with spiritual practices that have grounded her through life's challenges, Laurie Blefeld invites the reader into her sacramental stories. You will find yourself in Laurie's stories and reclaim bits and pieces of your own. "Our days are a stream of moments - some devastating, some down to earth and some filled with ineffable meaning. Laurie Blefeld has written a book full of tender moments that warm the heart and remind us to be grateful for and conscious of how laced with grace our lives really are. This is a book to enjoy and treasure."-Gunilla Norris, author of *Sheltered in the Heart* and *Companions on the Way: A Little Book of Heart-full Practices* "Laurie's transformational stories, told in her authentic and lyrical voice, are evocative of the highs and lows in everyone's life. Laurie's generous prose connects us to her family's living history - and through it to our own. She is a natural spiritual teacher. Moments of Grace is luminous, warm, comforting and filled with such good practices."- Dr. Joan Borysenko, from the Foreword

Prabhat Prakashan

Performance management when interpreted and used properly can create organizational excellence and enhance human capital value. At the global level, organizations have wasted much time over-focusing on the unattainable (objectivity in appraisals) and ignoring the more critical (continuous improvements in individual, dyadic, and team performance) goals. This thoroughly revised second edition shifts the entire focus of performance management to performance improvement and talent management. This book will also help in enhancing the performance of individuals, dyads, and teams for achieving organizational excellence.

*Confessions of a Scholarship Winner* American Bar Association

Kristina Ellis was awarded a full scholarship through her PhD. How she managed to get that kind of a scholarship offer is revealed in this book. Raised by a single mother, Kristina appeared to have everything stacked against her -- years of living below the poverty level, imperfect grades and sub-par SAT scores. Yet Kristina discovered the secrets to effectively presenting herself as a unique and desirable scholarship candidate. And she's sharing her secrets for scholarship success with students (and their parents) so that they too can obtain money for college.

A reference work for poets, lyricists, and other writers includes new entries reflecting changes in language and a section on the technique and forms of English poetry

Twelve Years a Slave Simon and Schuster

Hacking Secret Ciphers with Python not only teaches you how to write in secret ciphers with paper and pencil. This book teaches you how to write your own cipher programs and also the hacking programs that can break the encrypted messages from these ciphers. Unfortunately, the programs in this book won't get the reader in trouble with the law (or rather, fortunately) but it is a guide on the basics of both cryptography and the Python programming language. Instead of presenting a dull laundry list of concepts, this book provides the source code to several fun programming projects for adults and young adults.

After Liam writes to his mailbox, asking for more mail, he gets his wish, but soon he realizes that sending mail is even more fun than receiving it.

**Super Cute Super Quick** Createspace Independent Pub

The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty-first century status of eccentric eminence in new media environments. Systematic chapters address 'The English Novel as a Distinctly Modern Genre', 'The Novel in the Economy', 'Genres', 'Gender' (performativity, masculinities, feminism, queer), and 'The Burden of Representation' (class and ethnicity). Extended contextualized close readings of more than twenty key texts from Joseph Conrad's *Heart of Darkness* (1899) to Tom McCarthy's *Satin Island* (2015) supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives.

Amnesty International British Section

The basis for the new Amazon Prime Original Series! Perfect for fans of E.T. and Stranger Things--the first narrative artbook from acclaimed author and artist Simon Stålenhag about a fictionalized suburban town in the 1980s inhabited by fantastic machines and strange, imaginative beasts. In 1954, the Swedish government ordered the construction of the world's largest particle accelerator. The facility was complete in 1969, located deep below the pastoral countryside of Målaröarna. The local population called this marvel of technology The Loop. These are its strange tales. From the same author who wrote the imaginative artbook *The Electric State*, this "haunting," (The Verge) "sophisticated sci-fi" (The Nerdist) follows the bizarre stories from otherworldly creatures and is a page-turner you won't be able to put down.
