00108-15 Basic Employability Skills Trainee Guide

Pearson

Welcome to the world of construction! You are

joining the eight million Americans who have

chosen a career in this lucrative field. Construction

is one of the nation's largest industries, offering

excellent opportunities for high earnings, career

advancement, and business ownership. NCCER

and Pearson are pleased to present the fourth

edition of Core Curriculum: Introductory Craft

Skills. This full-color textbook now includes nine

modules for building foundation skills in

construction. To help entry-level craftworkers step

up their awareness of materials handling techniques

and equipment, NCCER brings you "Introduction

to Materials Handling." We are also excited to

provide a revised "Basic Safety" module that now

aligns to OSHA's 10-hour program. - Preface.

Boilermaking, Level 1 Prentice Hall

Welcome to the world of construction!

Construction is one of the largest industries,

offering excellent opportunities for high earnings,

career advancement, and business ownership.

Work in construction offers a great variety of career

opportunities. People with many different talents and educational backgrounds -- skilled craftspersons, managers, supervisors, and superintendents -- find job opportunities in construction and related fields. As you will learn throughout your training, many other industries depend upon the work you will do in construction. From houses and office buildings to factories, roads, and bridges -- everything begins with construction.

-- Preface

Core Curriculum Trainee Guide, 2009 Revision, Paperback

This curriculum will ground you in the basic knowledge and principles of carpentry, masonry, concrete finishing, electrical work, HVAC, and plumbing. You will become skilled in different phases of a project from start to finish. When you complete this course, you will be able to interpret construction drawings, perform quality concrete and brickwork, frame walls, ceilings, and floors of a structure, and install the proper wiring and piping for electrical and plumbing systems. - To the trainee.
