The volume provides critical insights into approaches adopted by curricula, textbooks and teachers around the world when teaching about the past in the wake of civil war and mass violence, discerning some of the key challenges and opportunities involved in such endeavors. The contributors discuss ways in which history teaching has acted as a political tool that has, at times, been guilty of exacerbating inter-group conflicts. It also highlights history teaching as an important component of reconciliation attempts, showcasing examples of curricular reform and textbook revision after conflict, and discussing how the contestations and difficulties surrounding such processes were addressed in different post-conflict societies.

DIGI SMART BOOKS Understanding NCERT India and the Contemporary World -I (History) for Class 9 Bright Tutee

Assembled from a series of newspaper articles first published in the newspaper \*Morning Chronicle\* throughout the 1840s, this exhaustively researched, richly detailed survey of the teeming street denizens of London is a work both of groundbreaking sociology and salacious voyeurism. In an 1850 review of the survey, just prior to its initial book publication, William Makepeace Thackeray called it "tale of terror and wonder" offering "a picture of human life so wonderful, so awful, so piteous and pathetic, so exciting and terrible, that readers of romances own they never read anything like to it." Delving into the world of the London "street-folk"-the buyers and sellers of goods, performers, artisans, laborers and others-this extraordinary work inspired the socially conscious fiction of Charles Dickens in the 19th century as well as the urban fantasy of Neil Gaiman in the late 20th. Volume I explores the lives of: the "wandering tribes" costermongers sellers of fish, fruits and vegetables sellers of books and stationery sellers of manufactured goods women and children on the streets and more. English journalist HENRY MAYHEW (1812-1887) was a founder and editor of the satirical magazine \*Punch.\*

**DIGI SMARTI BOOKS Understanding NCERT India and the Contemporary World -II (History) for Class 10** Harvard University Press

The writing of history in India has been fraught with controversies. From the storm over textbooks in the 1970s, and the furore over the Babri Masjid in the 1990s, to the flaring up of religious sentiments over 'beef-eating' and the Ram Sethu, this book provides a synoptic view of teaching and writing of history in post-colonial India. Michael Gottlob explores historical research and teaching as important components contributing to the development of a national identity and ideas of citizenship in post-colonial India. He shows how the urge to decolonize and recover the self has given rise to several approaches that attempt to 'reclaim' Indian history from its colonial past. The book discusses diverse areas like methodological research and public use of history; cultural identity and diversity; nationalism and communalism; and social movements and deconstructs their far-reaching implications in contemporary India. It also examines the role of women, Dalits, and Adivasis to understand their position in the multicultural reality of India.

S Chand's Social Sciences Class IX by Mocktime Publication

A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
