Questions are the root cause of success. The more new & authentic questions you will have, the more new & authentic knowledge you will have. Considering this fact, the Department of Education in Science & Mathematics (DESM) with an aim to improve the quality of teaching/learning process in schools has made an attempt to develop resource books of Exemplar Problems in different subjects at secondary and higher-secondary stage. These specialized resource books named NCERT Exemplars are not meant to serve merely as question banks for examinations but are primarily meant to discourage rote learning. The first and the only books of its kind by Arihant Publications is an attempt at providing comprehensive guide to NCERT Exemplar Problems-Solutions for Class 6th to 12th. The present book for Class 7th Science contains different types of questions of varying difficulty level. Also detailed explanation for comprehensive understanding has been given for all objective and subjective problems. The present book has been divided into 18 chapters namely Nutrition in Plants, Nutrition in Animals, Fibre to Fabric, Heat, Acids, Bases & Salts, Physical & Chemical Changes, Weather, Climate & Adaptation of Animals to Climate, Wind, Storm & Cyclone, Soil, Respiration in Organisms, Transportation in Animals & Plants, Reproduction in Plants, Motion & Time, Electric Current & Its Effects, Light, Water:

A Precious Resource, Forests: Our Lifeline and Wastewater Story. The problems provided in the book will test comprehension, information recall, analytical thinking and problem-solving ability, creativity and speculative ability. Detailed explanation has been provided for all objective and subjective problems covered in the book. The book will also be highly useful for school examinations and to build foundation for entrance examinations. As the book contains detailed and comprehensive solutions for NCERT Exemplar problems for Class 7th Science, it for sure will act as a catalyst in helping discourage rote learning.

History, Geography and Civics provides an in-depth and engaging introduction to teaching and learning socio-environmental education from F-6 in Australia and New Zealand. It explores the centrality of socio-environmental issues to all aspects of life and education and makes explicit links between pedagogical theories and classroom activities. Part I introduces readers to teaching and learning history, geography and environmental studies, and civics and citizenship, as well as issues in intercultural and global education. Part II explores the use of media and sources, values and attitudes, assessment and creative teaching. Each chapter provides links to the Australian Curriculum, including cross-curriculum priorities:

sustainability, Aboriginal and Torres Strait Islander education, and Asia and Australia's engagement with Asia. History, Geography and Civics encourages the reader to consider their own beliefs, values and attitudes in relation to their teaching and includes provocations and reflective questions to foster discussion and engagement.
