In *Beyond Leveled Books, Second Edition*, Franki Sibberson, Karen Szymusiak, and Lisa Koch provide even more resources to help teachers understand and meet the needs of transitional readers. The key topic of series books has been revised and enlarged, with charts outlining new series with the challenges they pose and supports readers need. New lessons have been added, and most chapters now include a related article from a literacy expert. Some of the contributors include Kathy Collins, Larry Swartz, and Mary Lee Hahn. Leveled books are an indispensable tool for teaching children to read, especially for emergent readers, but the authors of *Beyond Leveled Books* are sounding the alarm about the overuse and misuse of leveling and the way it restricts teacher autonomy and undermines student choice and reading engagement. The authors lay out a blueprint for using leveled books effectively within a student-centered and differentiated approach that is designed to motivate all readers, particularly transitional ones. *Teaching Transitional Readers: Beyond Leveled Books* is packed with resources to help teachers understand and meet the needs of transitional readers, including examples of classroom instruction, sample mini-lessons, strategies for small-group instruction, assessment techniques, and articles by literacy experts. *Resources for K-5 Classrooms: The book explores the uses and limitations of leveled texts in primary reading instruction, including ideas for how to organize your classroom library and a list of great books and series to use alongside leveled text in supporting new readers*. *Gateway to Independent Reading: The authors provide explicit tools for helping students consolidate their skills and reading strategies, to read widely and deeply, to increase their vocabulary, and build critical thinking*. *Making Reading Fun: Teach students to experience joy from reading through deeper comprehension and application*. *Beyond Leveled Books* is an essential resource for K-5 teachers looking to help all readers, including budding readers, struggling readers, transitional readers, and readers who have plateaued.

The groundbreaking female pilot featured in the hit Broadway musical *Come from Away* tells her story in this high-flying and inspiring picture-book autobiography! When Beverley Bass was a young girl in the late 1950s, she told her parents she wanted to fly planes--and they told her that girls couldn't be pilots. Still, they encouraged her, and brought her to a nearby airport to watch the planes take off and land. After decades of refusing to take no for an answer, in 1986 Beverley became the first female pilot promoted to captain by American Airlines and led the first all-female crewed flight shortly thereafter. Her revolutionary career became even more newsworthy when she was forced to land in the remote town of Gander, Newfoundland, on September 11, 2001, due to US airspace closures. After several days there, she flew her crew and passengers safely home. Beverley's incredible life is now immortalized in the hit Broadway musical *Come from Away*. Here, discover how she went from an ambitious young girl gazing up at the sky to a groundbreaking pilot smiling down from the cockpit. "Inspiring and up, up, and away all the way."--Kirkus "An inspiring biography about one woman's determination to forge a new path."--Booklist
