NAPPA is the nation's most comprehensive awards program for children's products and parenting resources and has been critically reviewing products since 1990. The Award recognizes Sylvan Learning Workbooks as some of the most innovative and useful products geared to parents. Sylvan's proven system inspires kids to learn and has helped children nationwide catch up, keep up, and get ahead in school. Sylvan has been a trusted partner for parents for thirty years and has based their supplemental education success on programs developed through a focus on the highest educational standards and detailed research. Sylvan's line of educational products equips families with fun, effective, and grade-appropriate learning tools. Our workbooks and learning kits feature activities, stories, and games to reinforce the skills children need to develop and achieve their academic potential. Students will reap the rewards of improved confidence and a newfound love of learning.

Math Workbook Grade 2 School Zone

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook is intended for 2nd graders, where students have already mastered single digit addition and subtraction. This workbook provides kids with additional math practice that complements and supplements what is taught at school. The focus is on key foundational mathematics basics: addition, subtraction, and introduction to multiplication, division, geometry, and fractions. Note: Many schools do not start multiplication or division until 3rd grade, but we are covering these concepts here

since it does take time and practice to get comfortable with multiplication and division.
