Safety Professional's Reference and Study Guide Routledge

Andrew Furness and Martin Muckett give an introduction to all areas of fire safety management, including the legal framework, causes and prevention of fire and explosions, fire protection measures, fire risk assessment, and fire investigation. Fire safety is not treated as an isolated area but linked into an effective health and safety management system. Introduction to Fire Safety Management has been developed for the NEBOSH Certificate in Fire Safety and Risk Management and is also suitable for other NVQ level 3 and 4 fire safety courses. The text is highly illustrated in full colour, easy to read and supported by checklists, report forms and record sheets. This practical approach makes the book a valuable reference for health and safety professionals, fire officers, facility managers, safety reps, managers, supervisors and HR personnel in companies, as well as fire safety engineers, architects, construction managers and emergency fire services personnel. Andrew Furness CFIOSH, GFireE, Dip2OSH, MIIRSM, MRSH, is Managing Director of Salvus Consulting Limited who specialise in Fire Safety. He was the chairman of the NEBOSH / IOSH working party that developed the NEBOSH Fire Safety and Risk Management certificate. Martin Muckett MA, MBA, CMIOSH, MIFireE, Dip2OSH, former Principal Health and Safety Advisor to The Fire Service Inspectorate and Principal Fire Safety Officer, Martin is currently Salvus Consulting Limited's Senior Fire Safety Trainer / Consultant. * Fully covers the syllabus for the NEBOSH Certificate in Fire Safety and Risk Management * Student-friendly presentation in full colour packed with illustrations and photographs * Includes a summary of legislation relevant to fire safety, ideal as a reference for students as well as practitioners

This booklet provides advice and guidance to employers for assessment of their activities under the Control of Substances Hazardous to Health Regulations 1988 (COSHH). It replaces COSHH Assessments: A Step by Step Guide to Assessment and the Skills Needed for it published by HSE when COSHH was first introduced. This guidance takes note of the experience in assessment that has been gained since 1988 and the new requirement for regular review. The principles of assessment have not changed since COSHH first appeared, but this booklet illustrates them with extensive examples.

Managing contractors is a guide for small to medium-sized companies in the chemical industry, but it will also be of use to other industries and larger companies. Safe working with contractors presents a challenge, but being a smaller company has its advantages. You can be more flexible in your approach and decisions can be made more quickly. Lines of communication are shorter, usually there are not too many people involved and it is easier to know who is around. In this guidance we aim to help you understand what you need to do and give sound practical advice for action. Working together helps everyone to work safely. This second edition brings guidance and references up to date.
