 This booklet provides advice and guidance to employers for assessment of their activities under the Control of Substances Hazardous to Health Regulations 1988 (COSHH). It replaces COSHH

Assessments: A Step by Step Guide to Assessment and the Skills Needed for it published by HSE when COSHH was first introduced. This guidance takes note of the experience in assessment that has been gained since 1988 and the new requirement for regular review. The principles of assessment have not changed since COSHH first appeared, but this booklet illustrates them with extensive examples.

This revised version of HS(G)96 (0 7176 1343 7) continues to publicize the message that most companies do not realize the extent of their losses due to accidents. It emphasizes that there is no contradiction between profitability and good health and safety management. TUC figures show that unions secured damage awards totalling

304m for workplace injuries and ill health to their members in 1995. The revision is aimed primarily at management and applies to all industries. It replaces 0 7176 1343 7, with the same series number. *Nebosh National Diploma* Xlibris Corporation
