*The Handbook for the  
NEBOSH National  
General Certificate*  
Routledge  
This full colour

essential health and safety guide has been edited by John Lacey, Past President of IOSH and the Construction Specialist Past Chairman and is designed to meet the exacting requirements of the revised NEBOSH Certificate in Construction syllabus. With the continued poor record of the construction industry in regards to Health and Safety, it is of the utmost importance to make those within the industry aware of procedures to change both standards and culture. In conjunction with a

---

course of study this publication gives students the tools to allow positive safety management within the construction industry. With over 200 colour photographs and sketches (many hand drawn to show the standard required at NEBOSH examination) this guide will provide an excellent reference for all those involved in construction management roles. Sample NEBOSH exam questions and answers are also included, along with a practical assessment example. In summary, this publication stands as a thorough reference book for those with management responsibility in construction; as well as essential support

for NEBOSH courses and Distance Learning programmes. Additionally, it meets the Employment National Training Organisation (ENTO) standards for health and safety at NVQ Level 3 and the Qualifications and Curriculum Authority (QCA) standards for Level 3.
