*Abe Sapien Volume 1: The Drowning* HarperCollins  
Pet Sounds is, rightly, one of the most celebrated pop albums ever released. It has also been written about, pored over, and analyzed more than most other albums put together. In this disarming book, Jim Fusilli focuses primarily on the emotional core of the album, on Brian Wilson's pitch-perfect cry of despair. In doing so, he brings to life the search for equilibrium and acceptance that still gives Pet Sounds its heart almost four decades after its release. For all the ups and downs, the scandals and, finally, the good times that are associated with Brian Wilson and the Beach Boys, nothing can diminish the beauty of Pet Sounds – its sense of adventure, its insight into the boundless mysteries of young love and how all its elements seem to coalesce to lay bare an insecure teen confronted by the uncertainties of adulthood, a man who wishes life were as simple as he believed it once was. More than a wonderful work that has easily withstood the test of time, Pet

Sounds raises pop to the level of art through its musical sophistication and the precision of its statement which, taken together, celebrate the fulfillment of Brian Wilson's ambition.

**The Ancient Book of Sex and Science** Arkose Press

Publisher Fact Sheet  
Examines the relationship between economics & the law.

**The Neddiad** Bloomsbury Publishing USA

The premiere volume includes articles on a multiband portable, quads and loops, baluns, the Smith Chart, and more.

**The Sweetly Diabolic Art of Jim Flora** Fantagraphics Books

Hellboy's premier crime fighter in an all-new novel!  
Where greed and the occult walk hand in hand, where mobsters and monsters prowl the streets, none escape the justice of Lobster Johnson!

---

In the years before World War II, Jonas Chapel was a respected physician, until his appetite for vice got the best of him and he found himself on the run from one of New York's most powerful mob bosses. On the lam in Mexico, Chapel stumbles across a powerful witch and a cursed skeleton -- and the power to transform men into monsters. Now, he's back in New York, selling his creations to the highest bidder. Only one man, backed by his team of trusted sidekicks, stands in his way. But will the Lobster's resolve be enough to shut down Chapel's twisted Satan Factory -- before New York itself is consumed?

"An" Irish-English Dictionary ... DigiCat

In this sweeping narrative that takes us from the Stone Age to the Information Age,

Robert Wright unveils an astonishing discovery: there is a hidden pattern that the great monotheistic faiths have followed as they have evolved. Through the prisms of archaeology, theology, and evolutionary psychology, Wright's findings overturn basic assumptions about Judaism, Christianity, and Islam, and are sure to cause controversy. He explains why spirituality has a role today, and why science, contrary to conventional wisdom, affirms the validity of the religious quest. And this previously unrecognized evolutionary logic points not toward continued religious

---

extremism, but future harmony. Nearly a decade in the making, *The Evolution of God* is a breathtaking re-examination of the past, and a visionary look forward.

The Beach Boys' *Pet Sounds* Little, Brown

A century ago, paranormal investigator Edward Gray fought and destroyed a powerful warlock off the coast of the island of Saint-Sébastien. In the early 1980s, the B.P.R.D.'s newest agent was sent to retrieve the warlock's remains. But Abe Sapien is ill prepared for the dark forces that block his way. Written by Hellboy creator Mike Mignola, and featuring the haunting art of Jason Shawn Alexander (*Damn Nation*, *The Secret*, *The Escapists*), *Abe Sapien: The Drowning* is the story of Hellboy

keeping this knowledge alive and relevant. Law's Order Dark Horse "Like animals, plants and book reviewers, words can become extinct, but Grambs is here to salvage the most missed of the lexical dinosaurs."—Patricia Holt, San Francisco Chronicle We often hear about the richness of the English language, how many more words it contains than French or German. And yet modern desk dictionaries are the result of a paring away of that glory, so that merely standard, functional, current words remain. The price we pay for such convenience is the thousands of delightful words we never see or hear. This book is an effort to save some of those words applicable to everyday life and countless word games from extinction. The resultant treasure trove of exotic

verbal creatures is an indispensable resource for every lover of language. A selection: egrutten: having a face swollen from weeping numquid: an inquisitive person sardoodledum: drama that is contrived, stagy, or unrealistic mimp: to purse one's lips
