Can you imagine what it would be like not to have any memory of your first ten years of life?

Jake Howard knows how that feels. He's a successful

Springer Science & Business Media Gen. Leonard Wood's meteoric career was no fluke. The ambitious Wood (1860-1927), serving as an army physician, strategically took on tasks and assignments that led him from the pursuit of Geronimo in the deserts of the Southwest (for which he won the Medal of Honor) to chief of staff of the U.S. Army and almost to the presidency of the United States. During his rise to high office, the darker side of Wood's personality became legend. Able administrator and sincere patriot,

Wood, together with friend Theodore Roosevelt, organized the famous "Rough Riders" during the Spanish-American War. Unfortunately, Wood possessed a consuming and obsessive ambition, as well as the willingness to advance his own interests over the ruin of others and in the face of political disapproval. Despite personal rivalries and feuds, Wood earned national prominence with his successes as a colonial administrator in Cuba and the Philippines, yet he was denied the two things he wanted most: an active role in the fighting of World War I and the

presidency of the United States. \emptyset Armed Progressive, a critical study of Wood's quest for power and his tremendous achievements, helps us to understand this pivotal figure who played such a dominant role at the turn of the century. Jack C. Lane provides historical insight and political assessment and captures the essence of this capable, ambitious, proud, bigoted, and self-righteous man. [The Governance of Innovation in Europe](#) Penguin It took all of thirty seconds for two shots to bring the world of Margaret Tabaha crashing down around her. After losing her

husband in Afghanistan had crossed when during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths

Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the

identity of the boys ' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. In fin-de-si è cle Vienna, it was not easy for a woman to find fulfillment both intellectually and sexually. But many believe that Minna Bernays was able to find both with one man—her brother-in-law, Sigmund Freud. At once a

portrait of two sisters—the rebellious, independent Minna and her inhibited sister, Martha—and of the compelling and controversial doctor who would be revered as one of the twentieth century ’ s greatest thinkers, Freud ’ s *Mistress* is a novel rich with passion and historical detail and “ a portrait of forbidden desire [with] a thought-provoking central question: How far are you willing to go to be happy? ” *

Madison walked through the fallen snow, looking left and right. It had been Kaylee's idea to use the trail through the forest; she said no one would follow them.
