Odes Country Guide

English spy Andrew Truesdale has been sent to Florence on a mission--to befriend widowed contessa Olivia di Montebaldi and discover if she's plotting a nationalist revolution in the aftermath of Napoleon's defeat. Andrew expects the assignment to be easy. After all, his job with the British Diplomatic Corps required him to perfect the art of flirtation and become a consummate seducer of women. Everything changes, however, when he arrives at Olivia's villa.

Instead of the middle-aged woman he expects, Andrew finds a vivacious young beauty who piques his interest...and his lust. But while Andrew may be taken aback by the contessa, Olivia knows exactly who Andrew is...and that he is dangerous. She may let him claim her body, but can she trust him with her secrets?

One of the bloodiest battles in Marine Corps history, Operation Stalemate, as Peleliu was called, was overshadowed by the Normandy landings. It was also, in time, judged by most historians to have been unnecessary; though it had been conceived to protect MacArthur ' s flank in the Philippines, the U.S. fleet ' s carrier raids had eliminated Japanese airpower, rendering Peleliu irrelevant. Nevertheless, the horrifying number of casualties sustained there (71% in one battalion) foreshadowed for the rest of the war: rather than fight to the death on the beach, the

Japanese would now defend in depth and bleed the Americans white. Drawing extensively on personal interviews, the Marine Corps History Division ' s vast oral history and photographic collection, and many never-before-published sources, this book gives us a new and harrowing vision of what really happened at Peleliu--and what it meant. Working closely with two of the 1st Regiment ' s battalion commanders--Ray Davis and Russ Honsowetz--Marine Corps veteran and military historian Dick Camp recreates the battle as it was experienced by the men and their officers. Soldiers who survived the terrible slaughter recall the brutality of combat against an implacable foe; they describe the legendary " Chesty " Puller, leading his decimated regiment against enemy fortifications; they tell of Davis, wounded but refusing evacuation while his men were under fire; and of a division commander who rejects Army

reinforcements. Most of all, their richly detailed, deeply moving story is one of desperate combat in the face of almost certain failure, of valor among comrades joined against impossible odds.

Sundial of the Seasons Createspace Independent Publishing Platform

This book deals with the new method of laser-driven acceleration for application to radiation biophysics and medicine. It provides multidisciplinary contributions from world leading scientist in order to assess the state of the art of innovative tools for radiation biology research and medical applications of ionizing radiation. The book contains insightful contributions on highly topical aspects of spatio-temporal radiation biophysics, evolving over several orders of magnitude, typically from femtosecond and sub-micrometer scales. Particular attention is devoted to the emerging technology of laser-driven particle accelerators and their application to spatio-temporal radiation biology and medical physics, customization of non-conventional and selective radiotherapy and optimized

radioprotection protocols.

 A Picture-Book of Merry Tales
 Following the Pulitzer prize-winning collection Stag 's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic

form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as “Ode to My Sister,” “Ode of Broken Loyalty,” “Ode to My Whiteness,” “Blow Job Ode,” and “Ode to the Last Thirty-Eight Trees in New York City Visible from This Window,” Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.
