The One-Life Solution John Wiley & Sons

“ This country's leading hell-raiser" (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know “ the difference between being a realistic radical and being a rhetorical one. ”

First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

Rules for Radicals Zondervan

300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that. Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded "death by powerpoint."

Halftime Simon and Schuster

This book uses stories and case studies from several industries to show how companies can rethink their customers, products and services, marketing, competition, and even their culture. The goal is a positive customer relationship that results in revenue

growth, product innovation, and employee engagement.

A Great Need Requires a Great Response Today, over three billion people, a third of humanity, have yet to hear the good news of Jesus. They have no opportunity to believe in him as their Savior and find peace with God through him. Of all the injustices in the world—and there are many that are quite distressing—this is the worst, because of the eternal consequences. A third of anything is significant—especially this third. In light of this staggering need, Marv Newell explores the five Great Commission passages, where Jesus methodically unfolds the essence of the disciples' task. A Third of Us is not just an invitation to be aware of the need, but a rally cry for today's disciples to respond. Writing to the whole body of Christ, Newell casts a vision for multiple ways to get involved in reaching the unreached. When finishing the task set by our Savior feels overwhelming, this practical and inspiring book points us back to Jesus' words with hope. So. . . are you ready to reach A Third of Us?

The Power of the Other Moody Publishers

In this life-changing book, you'll learn ten pathways of success that will help you redirect your mistakes and make way for success – physically, personally, and spiritually. Everyone makes mistakes, big and small. Sometimes our mistakes take us down the wrong path and send us spiraling into destructive life patterns, and sometimes we learn a lesson and never make the same mistake again. But how? How do we recognize our destructive patterns, make new choices, and then follow through? In Never Go Back, bestselling author Dr. Henry Cloud shares ten doorways to success – and once we walk through these new pathways, we never go back again. His proven method – based on grace, not guilt – outlines ten common life patterns that sabotage success and lays out clear, concrete steps you can take to overcome them. You'll see your relationships flourish, your personal life enhanced, and your faith strengthened. Dr. Cloud's powerful message reveals doorways to understanding – once you enter them, you will get from where you were to where you want to be. With a winning combination of eternal principles, spiritual wisdom, and modern scientific data, Never Go Back will put your heart in the right place with yourself and with God.

The Motive Currency

We learn in childhood to hide from pain, and often continue hiding our hurt from God and others in adulthood. Here Townsend presents a scriptural approach to help us identify these unhealthy withdrawal patterns and find healing, freedom and security in connected, grace-filled relationships. Includes discussion guide.

Safe People HarperChristian + ORM

When to say yes, when to say no to take control of your life.

Necessary Endings William Carey Publishing

Good Strategy/Bad Strategy clarifies the muddled thinking underlying too many strategies and

provides a clear way to create and implement a powerful action-oriented strategy for the real world. Developing and implementing a strategy is the central task of a leader. A good strategy is a specific and coherent response to—and approach for—overcoming the obstacles to progress. A good strategy works by harnessing and applying power where it will have the greatest effect. Yet, Rumelt shows that there has been a growing and unfortunate tendency to equate Mom-and-apple-pie values, fluffy packages of buzzwords, motivational slogans, and financial goals with “strategy.” In *Good Strategy/Bad Strategy*, he debunks these elements of “bad strategy” and awakens an understanding of the power of a “good strategy.” He introduces nine sources of power—ranging from using leverage to effectively focusing on growth—that are eye-opening yet pragmatic tools that can easily be put to work on Monday morning, and uses fascinating examples from business, nonprofit, and military affairs to bring its original and pragmatic ideas to life. The detailed examples range from Apple to General Motors, from the two Iraq wars to Afghanistan, from a small local market to Wal-Mart, from Nvidia to Silicon Graphics, from the Getty Trust to the Los Angeles Unified School District, from Cisco Systems to Paccar, and from Global Crossing to the 2007–08 financial crisis. Reflecting an astonishing grasp and integration of economics, finance, technology, history, and the brilliance and foibles of the human character, *Good Strategy/Bad Strategy* stems from Rumelt’s decades of digging beyond the superficial to address hard questions with honesty and integrity.

To Be or Not To Be Zondervan

Bob Buford’s *Halftime* shows how men can make their middle years a time of transformation toward a more satisfying -- and significant -- life.

9 Things You Simply Must Do to Succeed in Love and Life Zondervan

In *Our Mothers, Ourselves*, Henry Cloud and John Townsend show how understanding how our mothers have profoundly influenced our lives can set us on a path toward wholeness and growth. No one has influenced the person you are today like your mother. The way she handled your needs as a child has shaped your worldview, your relationships, your marriage, your career, your self-image - your life. *Our Mothers, Ourselves* can help you identify areas that need reshaping, to make positive choices for personal change, and to establish a mature relationship with Mom today. The Phantom Mom The China Doll Mom The Controlling Mom The Trophy Mom The Still-the-Boss Mom The American Express Mom You’ll learn how your mom affected you as a child and may still be affecting you today. *Our Mothers, Ourselves* is a biblical, realistic, and empowering route to wholeness and growth, to deeper and more satisfying bonds with your family, friends, and spouse - and to a new, healthier way of relating to your mother. This book was previously titled *The Mom Factor*.

Hiding from Love HarperCollins

Revised and updated from the original, this honest and forthright look at families of all shapes and sizes will help you down the path of healing (whether you know you need it or whether you’re just not sure). *Unlocking Your Family Patterns* combines decades worth of counseling wisdom and pastoral care insights into this one practical resource. Your past may hurt, and your family’s patterns may have left emotional scars, but your future has not been laid in stone yet. There is hope for healing, there are lessons to learn, and there are paths toward family health. Using clinical, biblical and practical examples to help you uncover the patterns your family has lived in, this book might lead you toward the family you’ve been looking for.

How to Get a Date Worth Keeping Basic Books

Shay was still angry but shrugged nonchalantly as if to say, it’s not that big of a deal. “So, what am I wrong

about?” “You’re not going to want to hear this, but I have to tell you anyway.” Liam paused before finishing. “You might be working hard, but you’re not doing it for the company.” “What the hell does that mean?” Shay wanted to know. Knowing that his adversary might punch him for what he was about to say, Liam responded. “You’re doing it for yourself.” New York Times best-selling author Patrick Lencioni has written a dozen books that focus on how leaders can build teams and lead organizations. In *The Motive*, he shifts his attention toward helping them understand the importance of why they’re leading in the first place. In what may be his edgiest page-turner to date, Lencioni thrusts his readers into a day-long conversation between rival CEOs. Shay Davis is the CEO of Golden Gate Alarm, who, after just a year in his role, is beginning to worry about his job and is desperate to figure out how to turn things around. With nowhere else to turn, Shay receives some hard-to-swallow advice from the most unlikely and unwanted source—Liam Alcott, CEO of a more successful security company and his most hated opponent. Lencioni uses unexpected plot twists and crisp dialogue to take us on a journey that culminates in a resolution that is as unexpected as it is enlightening. As he does in his other books, he then provides a straightforward summary of the lessons from the fable, combining a clear explanation of his theory with practical advice to help executives examine their true motivation for leading. In addition to provoking readers to honestly assess themselves, Lencioni presents action steps for changing their approach in five key areas. In doing so, he helps leaders avoid the pitfalls that stifle their organizations and even hurt the people they are meant to serve.

The Transformational Consumer Houghton Mifflin Harcourt

During the 1967 school year, on Wednesday afternoons when all his classmates go to either Catechism or Hebrew school, seventh-grader Holling Hoodhood stays in Mrs. Baker’s classroom where they read the plays of William Shakespeare and Holling learns much of value about the world he lives in.

Our Mothers, Ourselves Thomas Nelson

Finding safe people provides the foundation for building healthy, lasting relationships. Here’s how to identify safe people. This workbook applies the lessons of ‘Safe People’ to help people find those relationships that will help them grow.

How People Grow Harper Collins

“If you’re hesitant to pull the trigger when things obviously aren’t working out, Henry Cloud’s *Necessary Endings* may be the most important book you read all year.” —Dave Ramsey, New York Times bestselling author of *The Total Money Makeover* “Cloud is a wise, experienced, and compassionate guide through [life’s] turbulent passages.” —Bob Buford, bestselling author of *Halftime* and *Finishing Well*; founder of the Leadership Network Henry Cloud, the bestselling author of *Integrity* and *The One-Life Solution*, offers this mindset-altering method for proactively correcting the bad and the broken in our businesses and our lives. Cloud challenges readers to achieve the personal and professional growth they both desire and deserve—and gives crucial insight on how to make those tough decisions that are standing in the way of a more successful business and, ultimately, a better life.

Necessary Endings SAGE

Learn when to say yes and how to say no in the context of your marriage relationship. In *Boundaries in Marriage*, Drs. Henry Cloud and John Townsend, counselors and authors of the New York Times bestseller *Boundaries*, teach us that healthy boundaries are the property lines that define and protect you and your spouse as individuals. Once you have them in place, a good marriage can become better, and a less-than-satisfying one can even be saved. *Boundaries in Marriage* will give you the tools and encouragement you need to: Set and maintain personal boundaries and respect those of your spouse Understand and practice two key ingredients to a successful marriage: freedom and responsibility Establish values that form a godly structure and architecture for your marriage Protect your marriage from different kinds of “intruders” Work with a spouse who understands and values boundaries--or with one who doesn’t It’s time to

deepen your love by providing a better environment for it to flourish, and Drs. Cloud and Townsend are here to help. Discover how boundaries can make life better today!

Unlocking Your Family Patterns Harper Collins

More than fifty trailblazing executive women who broke the corporate glass ceiling offer inspiring and surprising insights and lessons in this essential, in-the-trenches career guide from Joann S. Lublin, a Pulitzer-Prize winning journalist and management news editor for The Wall Street Journal. Among the first female reporters at The Wall Street Journal, Joann S. Lublin faced a number of uphill battles in her career. She became deputy bureau chief of the Journal's important London bureau, its first run by women. Now, she and dozens of other women who successfully navigated the corporate battlefield share their valuable leadership lessons. Lublin combines her fascinating story with insightful tales from more than fifty women who reached the highest rungs of the corporate ladder—most of whom became chief executives of public companies—in industries as diverse as retailing, manufacturing, finance, high technology, publishing, advertising, automobiles, and pharmaceuticals. Leaders like Carly Fiorina, former CEO of Hewlett-Packard, as well as Mary Barra, CEO of General Motors, and Brenda Barnes, former CEO of Sara Lee, were the first women to run their huge employers. *Earning It* reveals obstacles such women faced as they fought to make their mark, choices they made, and battles they won—and lost. Lublin chronicles the major milestones and dilemmas of the work world unique to women, providing candid advice and practical inspiration for women of all ages and at every stage of their careers. The extraordinary women we meet in the pages of *Earning It* and the hard-won lessons they share provide a compelling career compass that will help all women reach their highest potential without losing a meaningful personal life.

It's Not My Fault Harper Collins

Why do some leaders get and accomplish what they want as a matter of routine, while others seem to regularly experience frustration and setbacks? Why do some leaders achieve their goals and reach new heights, while others barely "hang in there" and survive? Based on his groundbreaking psychological study of the ways that successful individuals think and behave, Dr. Henry Cloud presents a simple yet profound roadmap to help leaders-and those who want to become leaders-arrive at greater levels of personal growth and corporate influence than they previously thought were possible. The good news for all of us is that leadership success is not limited to vague notions of "charisma" nor traditional advantages like graduate degrees and connections, but much more to a pattern of thinking and moving forward that learns from mistakes and stays focused on goals.

Boundaries in Marriage Harvard University Press

What does it take to raise great kids? If you've read any books on parenting, conflicting opinions have probably left you feeling confused. Get tough! Show acceptance. Lay down the rules. Lighten up, already! There's got to be a balance--and there is. Joining their expertise with the wisdom of MOPS International (Mothers of Preschoolers), Drs. Henry Cloud and John Townsend help you provide both the care and acceptance that make grace real to your child, and the firmness and discipline that give direction. Avoiding the twin extremes of permissiveness and over-control, Drs. Cloud and Townsend show how you can help your child cultivate six necessary character traits: attachment, responsibility, reality, competence, morality, and worship/spiritual life. At last, here is an effective middle ground for raising up children who will handle life with maturity and wisdom. *Raising Great Kids* will help you equip your son or daughter to accept life's responsibilities, grow from its challenges, and freely and fully explore all that it has to offer.
