For Thor to live, Thunder Hunter must die. A thousand years, that's how long I've been hunting the Fallen Ones that escaped Freya's field. One hundred and ninety five down, five to go. Just five disgusting evil spirits until I die and Thor's thunder will be returned to him. Nothing will stand in the way of me completing my mission, not even the woman who claims to be a descendant of

Freya. I will kill the next Fallen One, no matter what.

An ancient Egyptian artifact is driving Queen Victoria insane, and that's not top of Cara Devon's growing list of problems. Viscount Nathaniel Lyons is a man of numerous secrets, but there is one in particular that threatens his fledgling relationship with Cara. Stunned by Nate's revelation, and before she can absorb the ramifications of his actions, he is arrested, charged with treason and imprisoned in the grim Tower of London. He stole something the mad queen wants, and only has days to deliver, before his date with the executioner. Although sorely tempted, Cara can't let him die on Tower Green, not when their connection means she would

share his fate. Only together can Cara and Nate figure out how to wrestle Hatshepsut's Collar from around the queen's neck, before she plunges Britain into a world war. The search for answers sends Cara to the opulent Winter Palace of St Petersburg and the frozen depths of Siberia, with every step shadowed by an enemy with his own dark plans. A steampunk adventure perfect for fans of Gail Carriger, Shelley Adina, CJ Archer and Bec McMaster. The Book of the Dead Beacon Press  
The fiery, provocative, and unparalleled work of feminist art criticism that launched the exceptional career of one of our most important public intellectuals—"a remarkable book, at once outrageous and compelling, fanatical and brilliant....

One must be awed by [Paglia's] vast energy, erudition and wit" (The Washington Post). Is Emily Dickinson "the female Sade"? Is Donatello's David a bit of pedophile pornography? What is the secret kinship between Byron and Elvis Presley, between Medusa and Madonna? How do liberals and feminists—as well as conservatives—fatally misread human nature? This audacious and omnivorously learned work of guerrilla scholarship offers nothing less than a unified-field theory of Western culture, high and low, since Egyptians invented beauty—making a persuasive case for all art as a pagan battleground between male and female, form and chaos, civilization and daemonic nature. With 47 photographs.

Fast-paced and historically accurate, Nefertiti is the dramatic story of two unforgettable women living through a remarkable period in history. Nefertiti and her younger sister, Mutnodjmet, have been raised in a powerful family that has provided wives to the rulers of Egypt for centuries. Ambitious,

---

charismatic, and beautiful, Nefertiti is destined to marry Amunhotep, an unstable young pharaoh. It is hoped that her strong personality will temper the young ruler's heretical desire to forsake Egypt's ancient gods. From the moment of her arrival in Thebes, Nefertiti is beloved by the people but fails to see that powerful priests are plotting against her husband's rule. The only person brave enough to warn the queen is her younger sister, Mutnodjmet. Observant and contemplative, Mutnodjmet has never shared her sister's desire for power. She yearns for a quiet existence away from family duty and the intrigues of court. But remaining loyal to Nefertiti will force Mutnodjmet into a dangerous political game; one that could cost her everything she holds dear. Teeming with love, betrayal, political unrest, plague, and religious conflict, Nefertiti brings ancient Egypt to life in vivid detail. "Meticulously researched and richly detailed . . . an engrossing tribute to one of the most powerful and alluring women in history." – Boston Globe

Thunder Hunter Harvard Egyptological Studies Dragons have taken up residence at Lowestoft and Queen Victoria is not amused. The queen is on the warpath and to protect the mythical beasts from treasure hunters, Cara needs to find the foundation stone from the Great Wall of China. To add to her problems, there's a strange box hidden deep under the Lowestoft estate that makes her skin crawl and steals the air from her lungs. Nate is trying to find a way to make it reveal its secrets, but Cara would rather drop it in the deepest, darkest part of the ocean. Quite apart from arguing with the monarch and catching those who hunt her dragons Cara faces a far more terrifying trial—impending motherhood. Childbirth always ends in tragedy for her maternal line and even her bond with Nate might not be strong enough to battle Mother Nature... This

The worlds of noble and guild are about to collide, with seventeen-year-old Allie Donovan as the catalyst... Allie lives in a shadow world until she is

thrust into the light of the aristocratic St Matthew 's Academy. More at ease with a blade than a needle, she is stalked along the ancient corridors by a Scottish lord intent on determining why she is among them. She stumbles onto the reason when soldiers arrive to see her friend, Zeb, a mechanical genius. On the hunt for answers, she breaks into his underground laboratory. There, Allie discovers Zeb is not just constructing sentient mechanical creatures, he is building a devastating new weapon for the military. To protect her friend, Allie will have to stop the guilds from snatching the weapon and its creator. But if she betrays her world, she forfeits her own life. Unless she can rely on bonds of friendship to save both their lives... A historical fantasy academy adventure perfect for fans of Libba Bray, Marissa Meyer, and CJ Archer. What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is her fearlessly honest and humorous account of how she went from being a "divorce daydreamer" to renewing her wedding vows -- and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes

where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a "10-Step Marital Improvement Guide." Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

The move to a new capital, Akhenaten/Amarna, brought essential changes in the depictions of royal women. It was in their female imagery, above all, that the artists of Amarna departed from the traditional iconic representations to emphasize the individual, the natural, in a way unprecedented in Egyptian art.

Proven ways to create a more loving family Research proves that happy families are good for health, longevity, peace of mind, productivity, and success. In *The Secrets of Happy Families*, Scott Haltzman offers an original approach to building family contentment that works for families of all ethnicities and make-ups – two-parent, single-parent, blended, childless, or same-sex couple. He provides a "positive psychology" way of solving family problems through strategy and leadership, including knowing and accepting who you are, taking a leadership role in loving and united relationships, building a network of support in extended families and communities, and making quality time for fun, adventures, holidays, and rituals.

The Artifact Hunters Artifact Hunters Museum Object Lessons for the Digital Age explores the nature of digital objects in museums, asking us to question our assumptions about the material, social and

---

political foundations of digital practices. Through four wide-ranging chapters, each focused on a single object – a box, pen, effigy and cloak – this short, accessible book explores the legacies of earlier museum practices of collection, older forms of media (from dioramas to photography), and theories of how knowledge is produced in museums on a wide range of digital projects. Swooping from Ethnographic to Decorative Arts Collections, from the Google Art Project to bespoke digital experiments, Haidy Geismar explores the object lessons contained in digital form and asks what they can tell us about both the past and the future. Drawing on the author's extensive experience working with collections across the world, Geismar argues for an

understanding of digital media as material, rather than immaterial, and advocates for a more nuanced, ethnographic and historicised view of museum digitisation projects than those usually adopted in the celebratory accounts of new media in museums. By locating the digital as part of a longer history of material engagements, transformations and processes of translation, this book broadens our understanding of the reality effects that digital technologies create, and of how digital media can be mobilised in different parts of the world to very different effects.

Conflicted Antiquities is a rich cultural history of European and Egyptian interest in ancient Egypt and its material culture, from the early nineteenth century until the mid-twentieth.

Consulting the relevant Arabic archives, Elliott

Colla demonstrates that the emergence of Egyptology—the study of ancient Egypt and its material legacy—was as consequential for modern Egyptians as it was for Europeans. The values and practices introduced by the new science of archaeology played a key role in the formation of a new colonial regime in Egypt. This fact was not lost on Egyptian nationalists, who challenged colonial archaeologists with the claim that they were the direct heirs of the Pharaohs, and therefore the rightful owners and administrators of ancient Egypt’s historical sites and artifacts. As this dispute developed, nationalists invented the political and expressive culture of “Pharaonism”—Egypt’s response to Europe’s Egyptomania. In the process, a significant body of modern, Pharaonist poetry, sculpture, architecture, and film was created by artists and authors who looked to the ancient

past for inspiration. Colla draws on medieval and modern Arabic poetry, novels, and travel accounts; British and French travel writing; the history of archaeology; and the history of European and Egyptian museums and exhibits. The struggle over the ownership of Pharaonic Egypt did not simply pit Egyptian nationalists against European colonial administrators. Egyptian elites found arguments about the appreciation and preservation of ancient objects useful for exerting new forms of control over rural populations and for mobilizing new political parties. Finally, just as the political and expressive culture of Pharaonism proved critical to the formation of new concepts of nationalist identity, it also fueled Islamist opposition to the Egyptian state.

Isaac Wolf can travel through time. But he's also in a race against it. With tensions in Prague rising at the height of World War II, Isaac Wolf is forced to leave home with nothing more than a small backpack and a pendant in the shape of an eternity knot. His parents believe the pendant will keep him safe--if he can discover what it really means. This clue leads him to Rookskill Castle, home of the Special Alternative Intelligence Unit where gifted children can learn to harness their powers to support the Allies' cause. With the help of his new friends and an antique watch that allows him to travel through time, Isaac must unlock his own powers and uncover the true meaning of the eternity knot. The only way he can do that, though, is by hunting for a series of magical artifacts that are scattered throughout the past . . . and Isaac isn't the only artifact hunter. Soon he finds himself in a race against a threat just as deadly as the war itself--one that his parents had been trying to shield him from all along.
