Nelson Mathematics 5. Workbook Nelson Thomson

Dear Readers and Parents, This Review Notes and Practice Workbook is intended to prepare students to exceed in the classroom and in the next grade levels. The book is systematically organized to include all types of mathematical problems in the sixth grade level. Each chapter is designed to comprise: review notes, basic practice, challenge problems, application word problems, and proficiency test. At the end you will find five standardized exam practices. The workbook has about 3,000 practice problems with a complete answer key. The book is developed by an expert in the field, PhD in mathematics, with more than twenty years of teaching experience. The author prepared the book considering students need to be equipped with the necessary skills they need to succeed in the classroom and beyond. All problems in this practice book are classroom-tested and are prepared to fulfill state and national content standards. It is clear that when an expert in the field, involved in teaching for long period of time, prepares the book, students will benefit a lot from the author's immense expertise. The book has eleven chapters. At the beginning of each chapter, you will find short notes for review purposes, then series of problems divided by sections and subsections covering all topics in the six grade. The book is extremely helpful for parents seeking additional work for their children. Parents can easily assign extra practice assignments from this book that matches students' classroom lessons. Answer keys are provided at the end of the book which allows parents to check students' work. In order to excel in six grade math, each student is encouraged to make a 90% or above in all assigned problems and chapter tests.

Grade 6 MATH REVIEW & PRACTICE BOOK

Features: - Affordable, consumable resource for extra practice and problems - One-page sections aligned to each lesson in Nelson Mathematics - "At Home Help" for students and parents - "Test Yourself" at the end of each chapter allows students to self-assess
