The Handy Presidents Answer Book Ginn
Featuring more than 800 answers to questions of how the human mind and the science of psychology really work, this fascinating discussion gives readers the real facts of modern psychology in a fun, approachable way. Avoiding the entertainment fluff of pop psychology and the dryness of overly academic works, this exploration gives insight into the current science of the mind by answering questions such as What makes a marriage last? Why do toddlers have temper tantrums? and What are the benefits of getting older? In addition to the question-and-answer section, an overview looks at the psychology of money, sex, morality, and everyday living.

Nelson Mathematics 7. Workbook Blackline Masters Nelson Thornes

A complete look at every Presidents' who, what, when, where, why, and, how ... Offering an engaging overview of the U.S. presidency and all past presidents, this valuable tome asks a variety of questions, from the trivial to the topical, that further expands one's understanding of America's highest office. With an intriguing range of questions about religious affiliations, unusual backgrounds,

and tidbits of odd trivia—from "Which president killed a man in a duel?" to "Who was the first Baptist to become president?"—this reference also covers former presidential candidates, first ladies, key appointments, and election results. Revealing important answers to foreign policy questions and decisions made during times of war, as well as presidential actions in times of economic boom and bust, isolationism and expansion, and economic policies and unusual anecdotes, this fun and absorbing anthology provides a thorough overview of more than 200 years of U.S. presidents.
