Thomson Nelson

Nelson Math Grade 5 Workbook is designed to

help your child develop problem solving skills and investigation techniques required to succeed inside and outside the classroom. The practice exercises and math concepts covered in this workbook are aligned to the classroom lessons of Grade 5 math in Canada. The workbook pays close attention to each element of mathematics and explains them with the help of examples and practice exercises. This enables your child to get a solid grip over the subject which then reflects in his or her performance in the classroom. It helps them feel more confident and participate in class with greater enthusiasm.
